

SWISS orienteering

SCOOL!
ein OL Schulprojekt

I'm

- Bea Arn from Sagno (Ticino)
- Responsible for the sCOOL project in Ticino since the beginning
- Active in the sCOOL project and in orienteering ...
- J+S expert in orienteering
- Daily life: teacher (16-20 year-old students)

sCOOL project

sCOOL wants to bring orienteering to the schools and show how funny and «easy» our sport is!

This is the main idea of **Swiss Orienteering**.

Official start: 2002, but real start 23rd May 2003 with the Guinness world record!

sCOOL project

It started 2002, but ...in summer 2003 WOC in Rapperswil (Switzerland), with the Guinness world record in May, SOLV wanted to show what orienteering is and does in Switzerland!

The “sCOOL” brand is now registered!

Information: www.scool.ch (Ursula Wolfensberger or Christine Brogli)

sCOOL steps

sCOOL evolves

- 2002 : start with the sCOOL Tour de Suisse stages
- 2003: Guinness World Record and sCOOL Tour de Suisse stages
- 2004: sCOOL Cup
- 2007: scool@school
- 2014: all 3 parts are still active

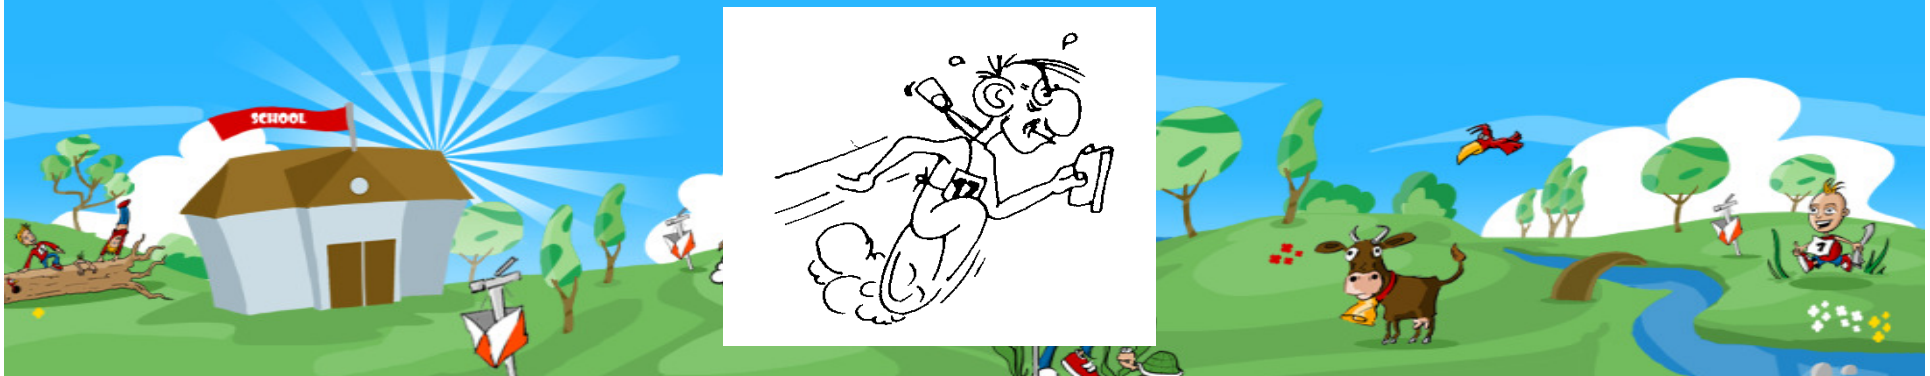

Guinness World Record 2003

23rd May 2003 in Switzerland there were...:

- **11'992 participants in Ticino (Italian speaking area)**
and
 - **200'547 participants in Switzerland**
- ... who participated at least at one orienteering competition that day.

Record recognized! Registered as a Guinness record !

sCOOL Cup

- Competition for schools: every year we have a one day competition in spring or autumn, each canton/region organizes his own. Guests are members of the Swiss junior or élite national teams.

sCOOL Cup

Example: 11.sCOOL Cup Ticino 2014 in Manno

sCOOL Cup

Tour de Suisse

- Half a day in a school, 45-55 kids each time
- Goal of the day is to show how a real orienteering course works, offering also a competition with “quali” and “final”.
- We also want to show that orienteering isn't something magic, it's easy you have fun even if you run around your school.

Tour de Suisse

Every year there are 150-170 stages all over Switzerland, that means 10'000-11'000 kids run one orienteering course.

scool@school

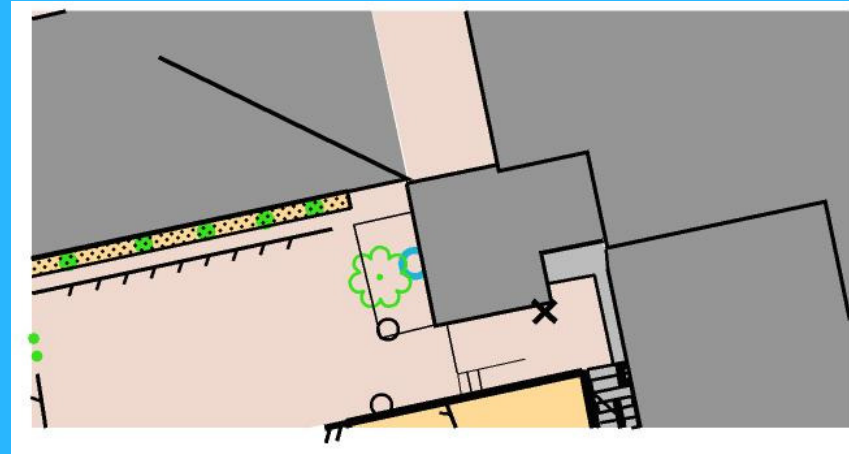

The coach works 5 or 8 half days with the students. So it's possible to run quite more difficult competitions around the schools.

It's important to work with the "main" teacher.

Textbook: It's sCOOL.

In conclusion

- This job needs a lot of work on part of the coaches, but a smile from one or more kids is worth it.
- Usually it takes 4-6 years before you see new kids joining a club.
