

# REMAT

Research Management  
Training for  
Early Career Researchers

18 - 19 April 2016 in Brussels

## Content and Aim of the Workshop

ReMaT is an intensive, interactive workshop, providing an introduction to a number of key topics relating to research management including project management, grant acquisition, and science and technology related entrepreneurship.

ReMaT is especially tailored to meet the needs of early-stage researchers especially from the 2nd year of PhD studies onwards, but is also suitable for others involved in research, or in directing research. ReMaT delivers hands-on practical training in an intensive, yet effective workshop form over two days. There is a strong emphasis on European networking in the way the workshop is delivered: we encourage participation from many different countries and disciplines.

## ReMaT aims to give participants

- an understanding of the different contexts in which research operates – from academia to industry, from fundamental to applied research
- an awareness of the skills needed to manage international, multi-disciplinary research projects
- knowledge of how to apply for research funding, from European sources and from private-sector funding bodies
- a foundation in the specific skills needed to fund, manage, disseminate and commercially exploit scientific research as a researcher
- opportunities for international networking

ReMaT has been conceived and developed as a project funded by the European Framework 6 Programme.

## Programme Day 1

09:00 Registration & Welcome  
10:00 Contexts of modern research  
11:30 Case study analysis  
13:00 Lunch  
13:45 Managing interdisciplinary projects  
15:15 Invention, Innovation and the Law  
17:30 Europe in Brussels  
19:45 Networking Dinner

## Programme Day 2

08:45 Coffee  
09:00 Acquiring research grants in Europe  
11:45 Exploiting Research & Technology  
13:00 Lunch  
14:00 Open Forum & Discussion  
15:00 Planning your career  
16:00 Close

**Organiser**

The workshop is provided by the Dept. International Cooperation & EU Office at TuTech Innovation GmbH on behalf of Brussels Office of the Helmholtz Association. The mission of the Brussels Office of the Helmholtz Association is to help increase the participation of Helmholtz Research Centres in European research projects. TuTech is a technology transfer service company which has for over a decade provided support for researchers at Hamburg University of Technology in preparing proposals and practical project management for EC supported research projects, in many cases involving intensive partnerships with industry.

**Venue**

Helmholtz-Association, Rue du Trône 98, 1050 Brussels, Belgium

**Fees**

€ 595 (VAT included) includes workshop, copy of materials, lunch and refreshments.

**Cancellation**

Refund of 80% if cancelled two weeks prior to event, otherwise no refund. Substitutes are welcomed, but must be confirmed by fax or email beforehand.

**Further Information**
