GEOMATES 2022

INVITATION

to the *GeoMATES '22 International Congress on Geomathematics in Earth- & Environmental Sciences*

The conference will be held from **19-21 May 2022** in Pécs, Hungary
at the Pécs Regional Committee of the Hungarian Academy of Sciences

(7624 Pécs, Jurisics M. str. 44.).

Planned sections/topics of the congress. Each section will begin with a keynote speech of a distinguished professor (full list to be announced):

- Analysis of monitoring time series
- Mathematical aspects of reservoir geology
- Assessment of geophysical datasets - interpretation & uncertainty
- Big data: challenges of earth science databases
- Climate modelling - extremities, past & future
- Data analysis in engineering geology
- Geoinformatics and soil mapping
- Conquering space - remote sensing
- Automation and industry 4.0 in geo-services
- Quantitative methods in palaeontology
- Case studies and best practices in environmental- and bio informatics

Three short courses are **being organized** for the 19th May 2022 equally priced at 18,000 HUF / **50 EUR**. Participation in only one course is possible.

We expect the participation of professionals who deal with these topics and work in related fields, and who would like to present their domestic and international achievements in lectures and/or posters or just participate as audience.

The official language of the Congress is English.
