

## Job Description GIS Intern

### About the company:

**Urbanite Advisors** is an international real estate consultancy working globally with offices in Budapest, Brussels, and Paris. We support clients to rethink their locations, workplace and resulting real estate footprint. We also assist investors to deliver future-proof asset and urban development strategies. Our mission is to contribute to projects that deliver a **positive urban impact**.

### About the job:

We are looking for a GIS intern (3 to 8 days a month), based in Budapest, to support our growing number of international urban advisory projects working with ArcGis.

If you are enthusiastic about contributing to the future of work and cities and eager to make a positive impact, we encourage you to contact us. Join our dynamic team and be part of an exciting journey where your passion meets purpose.

### Responsibilities

The role will include direct international client and partner interactions, as well as occasional travel by train within Europe.

- Perform various urban analyses using ArcGis
- Locate employees and buildings on maps with commute time assessment
- Create and export maps for visualisation
- Work with our experts to further enhance our Urbanite Vibrancy Index
- Taking part in various project teamwork

### Qualifications

We are looking for candidates ideally in his master in geography or urban planning / architecture with a passion of cities and built environment and a desire to expand his knowledge in GIS.

### What we offer:

- Flexible working hours aligned with curriculum
- Training with our Internal GIS expert
- Work on International projects
- Being part of a young dynamic international team

Candidates must have strong English (both written and spoken) and proficient in Excel and PPT.
