August 5 – 13, 2018 | Waldviertel, Austria

Bulletin 4

Grußworte von Sportminister Heinz-Christian Strache zu den Weltmeisterschaften im Mountainbike-Orientierung 2018:

Der Radsport hat in den letzten Jahren auch in Österreich kontinuierlich an Publikumswirksamkeit gewonnen. Für mich als Sportminister ist besonders erfreulich, dass auch die Breitenwirkung dieser Sportart deutlich spürbar ist. Immer mehr Österreicherinnen und Österreicher steigen in ihrer Freizeit auf das Rad, um sich körperlich zu betätigen.

Dabei helfen Veranstaltungen mit ganz speziellem sportlichem Charakter, wie die zum wiederholten Male stattfindenden Meisterschaften im Mountainbike-Orientierung (MTBO) enorm, diesen Trend zu verstärken. Vom 5. bis 12. August 2018 kann man sich davon im Raum Zwettl persönlich überzeugen. Mit über 300 Teilnehmern und Teilnehmerinnen aus mehr als 25 Ländern erwartet das Waldviertel hiermit einen der Sporthöhepunkte dieses Sommers auf heimischen Terrain. Das Aufspüren von Checkpoints, die Orientierung im unbekanntem Gelände nur mit Hilfe von Karte und Kompass und das Routenplaning unter körperlicher Leistung sind dabei die Herausforderungen für sämtliche Teilnehmer. Der Wettstreit um WM Medaillen findet in den fünf Disziplinen, vom Massenstart über Mittel- und Langdistanz bis hin zu Staffel sowie Sprint, statt und bietet dabei auch die einmalige Gelegenheit, Natur- und Sporterlebnis in Kombination zu genießen. Somit stellen die Organisatoren ein hochattraktives Programm für alle Radsportbegeisterten zusammen.

Ich danke bereits im Vorfeld der Veranstaltung allen Organisatoren und Freiwilligen für die geleistete Arbeit und wünsche eine vom Wetter begünstigte und an aktiven Teilnehmern zahlreiche Weltmeisterschaft im „Mountainbike Orientierung“ 2018.

Mit sportlichen Grüßen

Heinz-Christian Strache

A Highlight in the Sports Calendar

In my capacity as Governor of Lower Austria, I am particularly happy to see that our province has again been selected as the venue of a major sports event. There is simply no better and more effective way of advertising Lower Austria and sports than by presenting top athletic achievements. And we have every reason to expect top performance when the World Championships and the European Youth Championships in Mountain Bike Orienteering take place in the Waldviertel region, with a total of over 300 mountain bikers from about 30 nations participating in the event.

The presence of so many professionals from Austria and abroad, as well as top-performing amateurs, can be taken as a guarantee for tough, fast and extremely demanding competitions. Given the athletic prowess of the participants and the attractive routes chosen for the races, I am sure that many spectators will also develop a passion for cycling. However, these competitions are not only important sports events. I am convinced that they will provide additional impetus for the local tourism industry, as several hundred participants and numerous fans will have a chance to discover the region.

Thanks to its ideal geographic conditions, the beautiful landscape and the great diversity of interesting sights, Lower Austria is a cycling paradise. I am quite aware that neither the athletes nor their coaches will pay much attention to any of that during the races. However, there may be an opportunity to come back on another occasion when you are not focused exclusively on meters and seconds. With this in mind, I wish all mountain bikers, all participants and, especially, the Lower Austrian Orienteering Federation good luck and every success in this event.

Governor Johanna Mikl-Leitner

Dear participants, team officials and spectators

of the World Mountain Bike Orienteering Championships, Junior World Mountain Bike Orienteering Championships, European Youth Mountain Bike Orienteering Championships and Mountain Bike Orienteering World Cup 2018!

On behalf of the Austrian Orienteering Federation it is my great pleasure to welcome you – perhaps welcome you back – to Austria and the Waldviertel region. Many of the Elite riders will have participated in the World Cup races in the region in 2017, others may know the area from training camps or national events in the past. If so, you know what awaits you: One of the most beautiful regions of Austria with large wooded areas, rolling hills, great tracks for riding and challenging route choices. If you have not yet been to the Waldviertel, be prepared to be enchanted by its quiet charm.

Much work and many years of preparation have gone into the organization of this event. Many thanks are due the organizing team and clubs for their dedication and effort. May it show in a memorable and enjoyable experience for all! Thanks also go to all landowners, the municipalities and organizations in the region, the state government and all sponsors, without whom the realization of this event would not have been possible. As the organizers, the participants have spent much time and effort in preparing for these championships. To all competitors I wish the best of luck in the accomplishment of their goals!

Erik Adenstedt

President of the Austrian Orienteering Federation

- Gift of "Sonnentor" - factory

4.Venue

Zwettl (11.000 inhabitants, 520 m above sea level) is the Waldviertel district capital of the Austrian state of Lower Austria. It is chiefly known as the location of Zwettl Abbey, first mentioned in October 1139.

The Waldviertel (Wood Quarter) is the northwestern region of the Austrian state of Lower Austria. It is bounded to the south by the Danube, to the southwest by Upper Austria, to the northwest and the north by the Czech Republic and to the east by the Manhartsberg (537 m). Waldviertel lies at 500 – 900 m above the sea level and is covered 49 % with forest.

18. Rules

All events will be organised in accordance with the Competition Rules for IOF MTB Orienteering Events, valid from 1st January 2018, Special Rules for MTB Orienteering World Cup 2018 and the IOF Anti-Doping Rules valid at the time of the event. All competition rules can be found on the IOF website.

Please consult: <http://orienteering.org/mtb-orienteering/rules/>

In this specific event:

- Riding, running or walking off the mapped track, trail or path is forbidden.
- Off-track riding will be allowed in areas which are special marked on the map (see para 27, special map symbols)
- In Austria you drive on the RIGHT side of the road. Therefore, you must ride on the RIGHT side on all roads and tracks.
- Overtaking slower riders must be done on the LEFT side.

Please note:

On TV purposes there will be some riders with camera in the race.

With your start, you agree that photos, videos of you and your results are published.

19. Anti-doping

Doping is forbidden. The IOF Anti-Doping Rules apply to all IOF events and the IOF Council may require doping control procedures to be conducted. It is the responsibility of the competitors to obtain any required therapeutic use exemption (TUE) certificate.

20. Fair Play

All persons taking part in a MTBO event shall behave with fairness and honesty. They shall have a sporting attitude and a spirit of friendship. Competitors shall show respect for each other, for officials, journalists, spectators and the inhabitants of the competition area.

The usage of mobile devices in Start and finish quarantines is prohibited.

If a rider abandons the race, they should go to the finish immediately for the finish read out. They should stay in a restricted area until the last start, or until the end of the finish quarantine, as instructed by organisers.

21. Quarantine rules

The start quarantine will be organised for every competition except Mass start. The finish quarantine will be organised for every competition.

No telecommunication equipment is allowed in the quarantine. This refers also to phones used as cameras. Organisers may check compliance with these rules.

Start quarantine rules

Competitors and team officials must be inside the quarantine zone by the time it is activated (see time schedule of the competition day).

Competitors leave the activated quarantine through start, Team officials to the finish

Finish quarantine rules

Competitors and coaches may enter any time (via finish or as coach).

Nobody may leave until the official finish quarantine ends.

The competitor's personal items will be transported from start to the finish quarantine.

23.Classes and participation restrictions

Classes

WMTBOC	W21, M21
JWMTBOC	W20, M20
EYMTBOC	W17, M17

Participations

WMTBOC

There is one class for women and one for men. There are no age restrictions.

Each Federation may enter a team of an unlimited number of competitors and up to 6 team officials.

In the Mass start, Middle distance and the Sprint every Federation may enter up to 6 women and 6 men and, in addition, the current World Champions for the distance may be entered by their Federations.

In the Relay, each Federation may enter two women's teams and two men's teams, each consisting of 3 team members.

For the Long distance competition, the number of competitors who may enter is limited. The qualification rules are published as Special Rules and can be found on the IOF website: (<http://orienteering.org/mtb-orienteering/rules/> -> "Procedure for allocating WMTBOC long distance start slots")

JWMTBOC

There is one class for women and one for men. Only competitors who are entitled to compete in the classes W20 or M20 (aged 20 or younger up to the end of the calendar year 2018) may participate.

Each Federation may enter a team of an unlimited number of competitors and up to 6 team officials.

In each competition every Federation may enter up to 6 women and 6 men.

In the Relay, each federation may enter up to 2 women's teams and 2 men's teams, each consisting of 3 team members. Incomplete teams and teams with cyclists from more than one federation are not allowed.

EYMTBOC

There is one class for women (W-17) and one for men (M-17 for athletes who are no more than 17 years old on 31st December 2018). For each individual competition a Federation may enter a maximum of 6 competitors in each class. The organising Federation (Austria) may have two additional competitors as official EYMTBOC competitors in the individual competitions. In the Relay, each Federation may enter two women's team and two men's team, each consisting of 3 team members. Incomplete teams and teams with cyclists from more than one federation are not allowed.

Public races: Open competitions will be offered. More information follows on the website.

Open race

There will be a race every day for spectators and coaches. We offer 3 categories (long, middle and short). Entries are possible at the competition center (€ 10,-/day). Free start time in a corridor of an half hour (see time table).

You need a SIAC (rental € 2,-/day).

24.Starting order

For all competition teams are required to submit name entries and start group allocation of the athletes by 12:00 the day before each competition. Forms are in the team bags. For Middle, Long and Sprint competitions red and orange group will be allocated.

For teams not submitting the form in time the organisers will allocate the start time.

Late start

Competitors who are late for their start time will be permitted to start. A separate corridor will be marked for late starters. If the competitor is at the start line less than half the start interval after their start time they will be allowed to start immediately. If the competitor is at the start line more than half the start interval after their start time they will be allowed to start at the next available half start interval.

25. Time keeping system

Long distance SPORTident Air+ system with Active cards (SIAC) will be used for all categories and all events. The participants can use their SIAir+ provided that they submit their card numbers by 27th July 2018.

For hygienic reasons, SIAC will be provided without any elastic band. Competitors are responsible for providing their own elastic bands.

For not returned SIAC full card cost of € 80 will be charged.

SPORTident BS 11 with a working range of 1.80 m will be used. If one unit is not working, or appears not to be working, you must use the backup needle punch present at each control and you will be disqualified if no punch is recorded

IOF MTBO Commission implemented a backup solution scheme for recording visits to controls. The solution is to equip each competitor with a second SIA C without acoustic signal. This second SIAC is only provided as a backup and data recorded in will only be used in exceptional circumstances if the main SIAC does not work properly. Don't forget that the backup SIAC must be prepared for use before the start in the same way as the primary SIAC. The backup SIAC will be provided by the organiser.

Starting procedure for SIAC: Interval start

1. Clear SIAC (time -3)
2. SIAC ON (time -2) slowly flashing green light
3. SIAC TEST (time -2)

Mass start and relay

all units will be located at the entrance to starting/change over zone.

At the finish line BS11-Loop in combination with a ground antenna will be used. By passing the gate your finish time will be kept and SIAC will be switched off.

Collection of all SIAC provided by the organiser will be done after Sprint. Competitors who do not start Sprint are requested to return the SIAC after finishing their last competition.

http://www.mtbo-commission.com/uploads/1/5/9/9/15996872/info_backup_siacs.pdf

Maximum cycling times

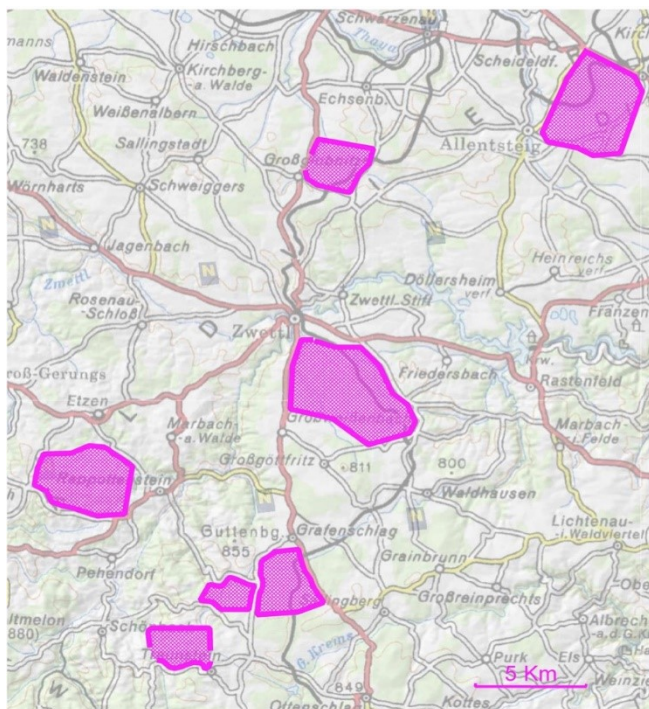

- Mass start: 3 hours
- Middle: 2,5 hours
- Long: 4 hours
- Sprint: 1 hour

Competitors or teams who exceed the maximum time shall be disqualified (§ 24.8)

26. Embargoed Areas

These areas are out of bounds for all participants and team members, including competitors, team leaders, coaches, doctors and any other person who through their knowledge of the terrain may influence the result of the competitions.

Permission for access into embargoed terrain must be requested from the organiser if such access is required.

27. Maps

New MTB Orienteering maps, surveyed 2017 and 2018, updated June and July 2018, will be used for all competitions

Competition	Race area	EC-CC	Map	Short terrain description
Mass start	Wiesensfeld	27 km	1:10 000 contour 5m	Hilly area with dense track network. Mainly forest areas.
Middle distance	Kirchbach	23 km	1:10 000 contour 5m	Very hilly area with dense track network. Mainly forest areas.
Relay	Langschlag	21 km	1:10 000 contour 5m	Moderate hilly area with dense track network. Mixture of open areas and forest areas.
Long distance	Oberwaltenreith	7 km	1:15 000 contour 5m	Very hilly area with parts of dense track network. Mainly forest areas at the boarder open areas.
Sprint distance	Kaufholz	26 km	1:7 500 contour 5m	Rather flat area with forest and urban parts.

All events will be organised in accordance with the IOF International Specification for MTB Orienteering Maps (2010).

The maps are printed on PRETEX, waterproof but not tearproof.

The most recent versions of previous orienteering maps of the competition terrains are accessible on the organiser's website.

Special map symbols

Note the use of the following overprint symbols at all the events

839 Rideable area. This symbol is used for areas where off-track riding is allowed and possible (see picture below), as well to connect two paths. If the allowed route of off-track riding is not clearly visible in the terrain, the connection is marked with red white ribbon.

707 Uncrossable boundary. A boundary which it is not permitted to be crossed.

708 Crossing point. This symbol is also used in combination with barriers.

402 Open land with scattered trees. This symbol is used at sprint with orange dots. You can ride through this area
