7.15 am and already in the
most exciting meeting of the day.

Pleasure before business. **The new Passat Alltrack.**

Turn the everyday into a special day. With the new Passat Alltrack. No matter whether it's before, during or after work – thanks to its 4MOTION® drive concept, off-road mode and increased ground clearance – it means you can take time out in the countryside whenever you want. But the new Passat Alltrack also shows what it can do in the urban jungle: its various assist systems ensure unique driving comfort making every day a little less everyday.

1.1.1 Welcome from the International Orienteering Federation

**Welcome from the IOF President Åke Jacobson**

It gives me great pleasure to welcome you to the 2012 World Masters Orienteering Championships in Bad Harzburg, Germany.

This is the first time that the World Masters Orienteering Championships (WMOC) are organised in Germany, and it will be the largest orienteering event ever organised on German terrain.

With 4,000 competitors, from all six IOF Regions, the WMOC is without doubt the biggest Championship event in international orienteering.

It shows that orienteering truly is a lifelong sport. The World Masters Championships will be an exciting competition; a challenge for all. It will bring people from around the world together in a spirit of friendship and community.

I am sure that the events in Bad Harzburg will be a rewarding and memorable social, cultural and sporting occasion, a worthy World Masters Orienteering Championships in the fullest sense.

I sincerely thank the organisers for their dedicated work and wish all competitors success in the competitions.

Åke Jacobson
IOF President

1.1.2 Welcome from the German Gymnastics Federation

**Welcome from the President of the German Gymnastics Federation Rainer Brechtken**

On behalf of the German Gymnastics Federation I am welcoming all athletes, coaches, referees and the Organising Committee as well as all spectators to the World Masters Orienteering Championships in Bad Harzburg, Germany. We are pleased about the fact, that the Organising Committee with its Event Director André Kwiatkowski assumed the development and organization of these important international championships. At the World Masters more than 4,000 runners born in 1977 or earlier compete in different categories.

In general the first 80 competitors of each class will qualify for the A-Final, the following 80 to the B-Final. Let us enjoy the international encounter of our athletes in the fair competition. I want to use this possibility to thank our partners for their support. The commitment of many volunteers should not be forgotten. For that I am thanking you sincerely. Without their help such events would be impossible to realize.

I wish all active athletes the best of luck and the spectators exciting and eventful days at the competitions. Have fun watching and supporting the athletes from many parts of the world in their races.

Rainer Brechtken
President German
Gymnastics Federation

Welcome from Prime Minister of Lower Saxony David McAllister

From 1 to 8 July 2012, everything in the Harz Region and spa resort of Bad Harzburg will revolve around a major sports event when more than 4,000 athletes converge on the area to compete in the Senior World Masters Orienteering Championships. On behalf of the government of Lower Saxony, I should like to extend a cordial welcome to all the contestants, their trainers and teams. My thanks go to everyone who has helped to organise the championships.

Orienteering is an endurance sport that is usually practised in woodland areas by individual athletes or groups. The contestants have to use a map and compass to reach control points in a prescribed order, so that the sport requires a precise combination of orienteering and running. The fascination of this discipline for most contestants is the opportunity to enjoy sport amidst beautiful scenery.

MTK Bad Harzburg, which is hosting the championships and an active member of the World Masters Organising Committee, was one of the first sports clubs in Germany to practise orienteering as a competitive sport back in the 1960s and set an example for other sports organisations in the Harz Region.

The International Orienteering Federation and the German Gymnastics Federation made an excellent choice when they decided to hold the Senior World Championships in Lower Saxony. Numerous international sporting events in the past have shown that the people of Lower Saxony are friendly and cosmopolitan hosts. What's more, the venues for all the events in Bad Harzburg and the surrounding area are located in beautiful countryside, so that the Harz as a tourist region will undoubtedly benefit from this major sports fixture. I am particularly pleased that our neighbouring land Saxony-Anhalt is also involved and that its Prime Minister Dr Reiner Haseloff has joined me as patron of the World Championships.

The programme includes numerous Sprint and Long Distance races for different age groups. The fascinating thing about this championship is that it attracts both competitive athletes and amateurs. It is common for entrants to take part in several different disciplines and those who fail to rank amongst the winners in the A-Final of an event still have the chance to win a B- or C-Final. I sincerely hope that many spectators will come from far and wide to cheer on the contestants in the Harz forests and wish the 2012 Senior World Masters Orienteering Championships every success.

Hannover, May 2012

A handwritten signature in blue ink that reads "David McAllister". The signature is fluid and cursive, written in a professional style.

David McAllister
Prime Minister of Lower Saxony

Welcome from Prime Minister of Saxony-Anhalt Dr. Reiner Haseloff

As patron of the Seniors World Orienteering Championships, I would like to welcome all competitors warmly to the beautiful Harz Mountains. Orienteering is a sport which challenges both body and mind like almost no other, as well as offering close contact with nature. And the Harz Mountains have plenty of that to offer, with their wild romantic forests and river valleys, mountains and rocky outcrops. The most northerly uplands in Germany have inspired many a poet and composer.

I hope that the Harz will be just as much of an inspiration for you, both to achieve top sporting performances and also to get to know the nature and culture of this region at the heart of Germany. Perhaps you will have time alongside the competition to experience some of the tourist highlights of the Harz, such as the Brocken Mountain, the Bodetal valley or the old towns of Bad Harzburg, Goslar, Halberstadt, Quedlinburg and Wernigerode.

I certainly wish you plenty of sporting success. Over 4,000 participants from over 40 countries is an impressive number. I wish you all a pleasant and interesting stay in the Harz - you are sure to find plenty to talk about with your fellow competitors and kindred spirits. I would like to thank the MTK Bad Harzburg for organising the world championships. I wish them and all participants and spectators a successful race for the title and plenty of sporting highlights along the way.

Together with my counterpart, the Prime Minister of Lower Saxony David McAllister, I gladly accepted the patronage for the World Masters Orienteering Championships.

As sports and politics have many things in common it goes without saying that we support this event. Both fields are about never losing one's target or the sense of direction and always knowing that the path taken can sometimes be exhausting and winding. An advantage orienteers have compared to politicians though is the fact that the former can carry out their mission in the open and enjoy the beautiful nature around them which the Harz Mountains offer in abundance.

Good luck to all participants of this year championships - I hope you will enjoy the event and have a good time in the region surrounding Germany's most northerly mountain range.

I would like to extend my thanks to the MTK Bad Harzburg for organising the World Championships and hope for a smooth and successful event.

Dr. Reiner Haseloff
Minister President of the State of Saxony-Anhalt

Why culture, nature and sport unite

Dear athletes,

On behalf of all members of the strategic committee we are looking forward to welcome you to the World Masters Orienteering Championships in the Northern part of the Harz Mountains. The distinctiveness of the World Masters among Orienteering Championships lies in the well-balanced mix of high level athletic contests for numerous participants and experiencing the natural and cultural highlights of a region.

We therefore think that the Northern Harz Mountains are especially qualified for hosting the WMOC 2012. Many thousand years ago the Harz Mountains were formed as fault-block mountains which is an important geological condition for a unique mixture of nature, culture and sport.

From the perspective of orienteering the exceptional rock formations found in this area enable us to offer exciting contests. But it is also the steep Northern part of the Harz Mountains with its abruptly changing landscape between the densely populated foreland, the "Vorharz", and the Harz Mountains themselves that makes this region so attractive for orienteers.

Thanks to the mineral resources found in this fracture zone mining was an important source of income for the last 2000 years and with it came prosperity, leading to cultural and political blossoming of the region. Remains can still be seen today, for example in Goslar's Kaiserpfalz. The development of spa towns or the visits of famous poets are another testimony of a peaceful and unique coexistence of humans, nature and culture in the Northern Harz Mountains. The close connection of humans and nature in a densely populated region becomes all the more clearer through the resettlement of the lynx in the Harz Mountains in the 21st century.

We invite you to experience another aspect of this coexistence in every contest. Discover why the Harz Mountains were so attractive for poets and still are for health seekers, tourists and athletes. Find out for yourself what nature means in a region that was developed thanks to its treasures such as ore, wood, salt, water and stone.

In this bulletin we introduce you to the special characteristics of the competition area and will give you information about the different destinations in the surrounding area that can be visited after the contests.

We hope for exciting days here in the Harz Mountains where you will experience a unique combination of sport, culture and nature.

A handwritten signature in black ink, appearing to read 'André Kwiatkowski'.

André Kwiatkowski

President Strategic Committee WMOC 2012

Welcome from the District Administrator Stephan Manke

As District Administrator of Goslar I wish to convey my warmest greetings to all the participants and guests of the World Masters Orienteering Championships. I am very pleased that this high-class event is going to take place in our beautiful Harz region from 1 to 8 July 2012. The Harz offers the ideal conditions for this international sporting competition. More than 4,000 competitors have registered for the competition and they will most certainly contribute to make the world championships a very special sporting highlight in this region.

Not only does this region offer both a fascinating and at the same time demanding sporting backdrop for the competitors, but they can also look forward to a well-organised championship by our dedicated team. The team has been busy for months to meet the logistical challenges of such a big event. They have also received wonderful support from the Harz community, so that I am certain the World Masters Orienteering Championships 2012 will be a real celebration for the sportsmen and visitors alike.

I sincerely thank the organising team and the countless voluntary assistants, who through great personal commitment have contributed to the success of the competition. Without their commitment such an event would not be possible. I wish all the orienteering runners a fair competition and the hoped-for sporting success. I wish the spectators a lot of pleasure during this not very common sporting event. I am sure that we will be rewarded with varied and exciting competitions.

District Administrator Landkreis Goslar

Welcome from District Administrator Dr. Michael Ermrich

Dear runners,

I am pleased about you "finding" your way from all over the world to the Harz Mountains to participate in the World Championship in Orienteering race and welcome you and your families in our region.

With its attractive landscape and its interesting cultural history, the Harz region offers an ideal environment for the sports competition as well as also for numerous trips and adventures.

In the truest sense of your sport - feel invited to discover the Harz region on your personally optimal route.

I wish you all the best for achieving your set targets and hope you will spend some nice and eventful days in the Harz Mountains.

Dr. Michael Ermrich

District Administrator Landkreis Harz

Opening greeting of the Mayor of Bad Harzburg Ralf Abrahms

Ladies and Gentlemen, Dear athletes,
Sport as universal language - a great approach to promote peace, tolerance and understanding. Sport unites people across all borders, cultures and religions. We learned from the MTK Bad Harzburg that more than 4,300 athletes from 42 countries will participate in this event. We are very pleased to welcome you here in Bad Harzburg for the World Masters Orienteering Championships 2012. Two events were mastered by the MTK Bad Harzburg during the last year: its 125th anniversary and the German Orienteering Championships 2011, both very successful and large events. Thank you for promoting the Harz Mountains and Bad Harzburg as spa and sport town beyond its city limits and for making the economy profit from this event, especially in tourism industry.

We would also like to welcome many athletes again some other time.
But for now it is important to turn the World Masters Orienteering Championships 2012 into a successful event for all participants, both athletes and organisers with good results and no injuries.
I wish you all the best for the event and will see you in the competition area.
And last but not least, as we say here in the Harz Mountains: Glück auf!

Sincerely,
Ralf Abrahms
Mayor of the City of Bad Harzburg

Welcome from the Lord Mayor of the City of Goslar Dr. Oliver Junk

Dear athletes, dear guests, dear sports fans,
I would like to welcome you to the World Masters Orienteering Championships (WMOC) in Bad Harzburg, Goslar, Drei-Annen-Hohne and Clausthal-Zellerfeld. I am very pleased that the organising committee around the MTK Harzburg has succeeded in hosting this major international sporting event in the Harz Mountains. More than 4,300 athletes from 42 countries are expected to come to the largest orienteering event that has ever taken place in Germany.
After Portugal, Australia, Switzerland and Hungary as former venues it is now our turn in the Harz Mountains to offer an impressive setting for this hopefully very exciting competition. I am very pleased with the uniting character of the event where four different cities in two states present their regional solidarity in the shared World Cultural Heritage of the Harz Mountains.

„Sport, Nature and Culture unite“ - with this motto the application of MTK Bad Harzburg was successful against the ones of the competitor venues in Latvia, Italy and Sweden. But it is not only a sporting event but a presentation of culture and nature in the Harz Mountains.

About 40,000 additional overnight stays verify the fact that the WMOC also has an important economic value, especially in tourism - an excellent promotion for the Harz Mountains as holiday destination!

The WMOC is a great opportunity for the Harz Mountains to establish themselves as venues for important sporting events. My biggest thanks go to the numerous volunteers from the region and from all over Germany and of course to the MTK Bad Harzburg as excellent host and organiser of this large sporting event.

On July 2 the old town of Goslar and its historical “Kaiserpfalz” will offer an appropriate setting for the decision in the Sprint Finals and try to introduce orienteering to as many people as possible. I am looking forward to this event and would like to wish all athletes a fair and successful competition and all visitors an interesting experience in our Harz Mountains and the City of Goslar.

Sincerely,

Dr. Oliver Junk
Lord Mayor of the City of Goslar

Welcome from Lord Mayor Peter Gaffert

Dear athletes, dear friends of orienteering,

This summer will be an active one. In June it is the European Football Championship in the Ukraine and Poland that keeps us busy and in late July we will keep our fingers crossed for our teams at the Olympic Games in London. But right in between there will be another exciting event: the World Masters Orienteering Championships in the Harz Mountains. Of course the Harz Mountains are not London and the Orienteering Championships are not the European Football Championship but for the people in the Harz Mountains and the 4,000 participants from more than 40 nations the Orienteering Championships are an important sporting event.

We are looking forward to the competitions in Drei-Annen-Hohne, Clausthal-Zellerfeld, Bad Harzburg and Goslar. Nowadays it has become unthinkable to find one's way only with the help of map and compass. GPS shows us the best possible way while we forgot our ability to use older orientation aids. Hence the lure of orienteering lies in the new and unknown. This combination of nature, sports and time make orienteering unique. From July 1 - 8 all eyes will be set on the athletes who will show the spectators in the beautiful Harz Mountains that sport is more than a top performance. I am sure that the athletes will savour the memories of the intense experience of nature and sports they had in the Harz Mountains.

I would like to thank all participants of the WMOC and hope that it will be a successful event. I know that many athletes trained hard for these races. Although ambition and effort are important the Olympic motto "Taking part is everything" should also be applied here. Having said that I wish all participants success and all the best. May the best one win! I wish all athletes, the organisers of the WMOC 2012 and all volunteers a great event. I hope the athletes will enjoy the races and the spectators will experience an exciting event.

Peter Gaffert
Lord Mayor of the City of Wernigerode

Welcome from Mayor Walter Lampe

Dear friends of orienteering, dear guests,

the Upper Harz Mountains are excited to find out more about your sport. Together with our mining and university town of Clausthal-Zellerfeld we are looking forward to being one of the event venues of this year's WMOC. We want to do our best and contribute to the largest orienteering event that has ever taken place in Germany.

The Harz Mountains are one of the birthplaces of orienteering. The MTK Bad Harzburg started this sport here in the Harz Mountains and it has flourished since then.

You will come here with high expectations which we know we can fulfil knowing about the excellent work of the organising committee and the great cooperation of the towns involved. This is probably the first time that an orienteering event will take place in a forest that is a UNESCO World Heritage site. The landscape is characterised by mining and can now be experienced as a former industrial landscape that fortunately nature was able to reconquer. Orienteering makes discovering this landscape even more interesting.

We hope that you will remember the plateau of the Upper Harz Mountains with its 66 ponds, its trenches and water courses, the Upper Harz Water Management System and all in all the World Championships in our Harz Mountains well.

What we can all hope for is that you reach your personal best performance and we would like to congratulate you if that leads to a title or a high ranking.

For the organising committee we hope that the considerable and highly professional preparations will lead to a smooth course of the event so that we can prove once again that the Harz Mountains with the good cooperation of their different venues and towns are an excellent location for high-level international sporting events.

On behalf of the Samtgemeinde Oberharz and the mining and university town of Clausthal-Zellerfeld I would like to welcome you!

Walter Lampe
Mayor of the Samtgemeinde Oberharz

 10 am - 10 pm
 Sunday, 8 July 2012
 8 am - noon

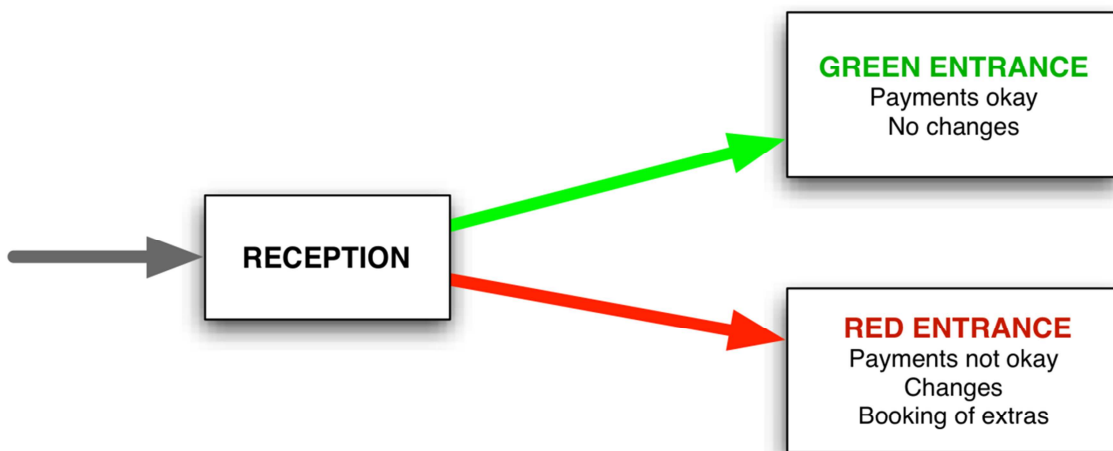

2.3.4 Services at the EC

Staff will be available at the EC Information Desk to answer any questions and hand out the team packages. These should be collected preferably by the team leader. All teams must pay any remaining charges before they can collect their packages. A

team is a group of runners whose entry fees have been paid together. Please bring your Club Code. Without the Club Code you will not get your package.

The package includes:

- Team-ID card (one per group) to collect maps after the races
- Official Bulletin 3 for each participant
- Bibs
- Rented SPORTident cards
- Model Event maps Sprint and Long
- Prepaid Parking Pass
- Prepaid tickets for Banquet and other programmes

The EC Information Desk will deal with all enquiries. Information about accommodation will also be provided at the EC. On 1 July you will get your package at the Assembly Area of Kurpark. On 4 July competitors who only run Long Distance races will get their package at the Assembly Area of Drei Annen.

Different services will be also available at the EC:

- Merchandising
- Sport shops
- Food and Drinks
- Tourist Information

During WMOC 2012 there will be a professional photographer taking up to 20 photos of each runner. These photos can be purchased either on site or online. Our partner for this service is sportfotos24.com. You will find further information in your packages.

2.5 TRANSPORT AND PARKING

2.5.1 Private car parking

Free parking is available at the EC. It will also be used for the Sprint Model Event, for the Sprint Qualification race, for the Opening Ceremony, Welcome Evening, Banquet and Closing Ceremony.

Parking passes are mandatory and are available for purchase at the EC for private cars (40 EUR) and caravans (50 EUR) for all races and the Long Model Event. Please put your parking pass visible on the dashboard of your vehicle so it can easily be seen. Vehicles without a pre-purchased parking permit will be charged 60 EUR at the venues. Parking passes are valid only for the vehicle you've registered.

A special parking pass will be distributed for runners older than 80 years. This "80+ Parking pass" will allow runners to park near to Assembly Area or Shuttle stations.

Private Car Parking

Caravan Parking

80+ Parking

All Assembly Areas will be signposted only from the EC.

2.5.2 Coach Parking

Groups or Tour Operators with coaches may have direct access to competition centres for all races and the Long Model Event to drop off competitors. A coach parking pass has to be ordered before June 15 from the information team (info@wmoc2012.de) specifying the number of participants in the coach and the group number.

Date	Event	Distance from Coach unload place to Assembly Area	Coach parking after unloading
Saturday, 30 June	Model Sprint	10 minutes walking	Directly near EC
Sunday, 1 July	Sprint Qualification	1 minute walking	Coach parking 7 km from Assembly Area.
Monday, 2 July	Sprint Final	1 minute walking	Coach parking 6 km from Assembly Area.
Tuesday, 3 July	Model Long Distance	3 minute walking	Coach parking 10 km from Assembly Area.
Wednesday, 4 July	Long Distance Qualification 1	3 minutes walking	Coach parking 2 km from Assembly Area.
Thursday, 5 July	Long Distance Qualification 2	3 minutes walking	Coach parking 5 km from Assembly Area.
Saturday, 7 July	Long Distance Final	10 minutes walking	Coach parking directly at the drop-off area

2.5.3 WMOC shuttle

There is a WMOC shuttle offered by the organisers at the Sprint Final, Model Long Distance, Long Distance Qualification 1 and 2 and Long Distance Final which must be booked before June 15. The shuttle is using the same upload places than the coaches (see table above).

Participants having booked the WMOC shuttle get 12 free passes for public transport with the companies KVG and RBB valid within district of Goslar. The busses are labelled with signs "WMOC 2012". While entering the shuttle busses please have the ticket ready that you received with your team package.

2.5.4 Road System

There is no road toll. Be aware of traffic control. A large number of speed limit controls are installed in the Harz Mountains.

In general there is no speed limit on motorways, a speed limit of 100km/h over land and 50 km/h in the city. Driving is on the right in Germany.

2.5.5 Taxi service

There will be a Taxi service available at the Event Centre especially in the evenings after the Opening Ceremony, Welcome Evening, Banquet and Closing Ceremony on 1, 2, 5 and 7 July.

2.6 PRESS AND MEDIA

Media representatives will have access to results, to officially designated spots for taking photographs and to press releases reporting from the competition in English. Media representatives must sign up for accreditation at info@wmoc2012.de before 15 June. Press accreditation will be distributed at the EC.

SPORTident

Make the most of your sport!

2.7 RENTED SPORTIDENT CARD

Hired SPORTident cards (SI-cards) can be found in your competition bag at registration. Participants, who have not indicated their own SI-card at entry get a rental-card from the organisers.

Later SI-card rental is also possible for a 10 EUR fee for all events. At the EC a deposit of 40 EUR will be required for each rented SI-card. Please return the SI-card to the Information Desk after your last race where you can reclaim the 40 EUR deposit.

If you wish to purchase the SI-card, the rental fee of the rented SI-card or the deposit paid of the card will be counted into the price of the purchase.

2.8 ACCOMMODATION

All manner of accommodation possibilities will be offered, not far from the competition areas. There are five-star and four-star hotels, guesthouses, family hotels, holiday flats, bed and breakfast places, youth hostels and campsites.

Accommodation can be booked on www.wmoc2012.de.

For Information about the opening hours of the Tourist Information in the EC see 2.3.4 "Services at the EC"

2.9 CLIMATE

The Harz Mountain Weather

The Harz Mountains, located in the North of Germany with a height of 1142 m (Brocken), offer pretty diversified weather. The higher located areas of the Harz Mountains are especially exposed to rapid changes of air mass which result in rich precipitation throughout the whole year, in particular in the western part. On average, precipitation is approximately 900 to 1300 mm and can even reach 1700 mm in the Brocken area. The annual average temperature in the upper Harz Mountain areas lies between four and six degrees Celsius, in the mountain border regions Goslar and Bad Harzburg between eight and nine degrees Celsius. Due to the quite low temperatures, the Harz Mountains often are described as the cold island of Germany. But the Harz Mountains are not only responsible for bad weather conditions: During the summer months, warm air mass can cause high temperatures in the Harz Mountains, too. At stable high-pressure weather conditions, tourists can watch awesome sunrises. Hikers in the early morning hours are rewarded with clear views and a colourful sea of lights in the Harz Mountain valleys. It is therefore very difficult to do exact forecasts regarding weather conditions in the Harz Mountains, a suggestion might be to pack warm and weather-proof clothes so changes in the weather pattern will catch nobody flat-footed. Anyway we hope for sunny weather conditions which will cause about 14-25 degrees in the Long Distance races and about 18-30 degrees in the Sprint races.

For more information check out www.bad-harzburg-wetter.de or www.wetter.info.

2.10 CAMPING

The "Harz-Camp" Göttingerode is recommended as the official campsite. As this campsite is fully booked, we can offer alternatives for almost the same prices.

Campsite near the Event Centre (tents only)

Price per day for campsite (tents only):

Adult 9,00 EUR (including visitor's tax 2,00 EUR)

Youth (11-17 years) 3,50 EUR (including visitor's tax 1,20 EUR)

Child (up to 10 years) 1,50 EUR (no visitor's tax)

Remarks:

Cars cannot be parked directly at the campsite

Shower facilities available

Catering will be offered at the Event Centre (300 m)

Caravans

Price per day:

Adult 15,00 EUR (including visitor's tax 2,00 EUR)

Youth (11-17 years) 3,50 EUR (including visitor's tax 1,20 EUR)

Child (up to 10 years) 1,50 EUR (no visitor's tax)

Remarks:

Situated near the Tourist office, next to the thermal spa "Sole-Therme"

Waste treatment available (no extra costs), power and water available for extra fees

Nearby WMOC bus stop "Burgberg-Seilbahn"

Booking via info@wmoc2012.de with following information

Number of tents / caravans

Number and age of travellers

Arrival date

Departure date

Name and address

Payment upon arrival and detailed information at the Event centre.

2.11 FOOD AND DRINK

There will be several food stalls available at the Assembly Areas with a variety of foods and drinks. From 29 June to 1 July there will be a Snack bar at the Event Centre. See point 2.1 "General Programme" for opening times. There will be a special menu for the Banquet and the Welcome Evening (see point 4.1.2 and 4.1.3).

Food

Crispy roasted pork with coleslaw in a roll	4,00 EUR
Grilled sausage with bread	2,00 EUR
Mushrooms in herb sauce with baguette	4,00 EUR
Rigatoni-noodles with Ratatouille veggies	4,00 EUR
Small mixed salad with grilled chicken breast	4,00 EUR
Different choice of stew with sausage and bread	4,00 EUR
Piece of "Zuckerkuhen" and cup of coffee	3,00 EUR
Piece of "Bienenstich" (yeast cake with vanilla cream and almonds) and cup of coffee	3,00 EUR
Different choice of baguette sandwiches	4,00 EUR
"Currywurst" (grilled sausage with curry ketchup) with bread	4,00 EUR
popsicles / ice lollies (choice available)	starting at 1,00 EUR
Mars, Snickers, Bounty, Twix etc.	1,00 EUR
freshly prepared fruit such as apples, strawberries, melons, bananas etc.	1,00 EUR

Drinks

mineral water 0,25l	2,00 EUR
orange juice, apple juice 0,25l	2,00 EUR
Coke, Fanta, Sprite 0,25l	2,00 EUR
non-alcoholic beer 0,33l	3,00 EUR
Pilsner beer (on tap) 0,25l	2,00 EUR
Coffee 0,25l	1,50 EUR
red wine, white wine (dry / medium dry) 0,2l	5,00 EUR
sparkling wine (own brand) 0,1l	2,50 EUR

2.12 SHOPS

Sport and O-Shops will be present at the Assembly Areas and at the EC. Please note that no unregistered Sport and O-Shops will be allowed on any of the WMOC 2012 areas.

2.13 LOST AND FOUND

Found items may be handed in and lost items claimed at the EC and at the EC Information Desk at the Assembly Areas. The lost items will be kept by the organiser until the end of July 2012. After this date the items will be disposed of.

2.14 BANKING FACILITIES

There are many banks with Automatic Teller Machines (ATM) in and around Bad Harzburg and Goslar. Most of these banks will exchange foreign currency. Banks work on weekdays (from Monday to Friday) usually from 9 am to 1 pm and from 2 pm to 4 pm. The ATM are available 24 hours per day.

2.15 EMERGENCY CARE

In case of emergency dial 112 or 110.

Nearest Hospitals are in Bad Harzburg, Goslar, Clausthal-Zellerfeld and Wernigerode. In general the hospitals in Goslar and Wernigerode have emergency departments.

2.16 FIRE EMERGENCY

No open fire will be allowed at the Competition areas, Assembly Areas or Official Camping. There will be a compulsory smoking ban.

In case of fire dial 112.

2.17 PHARMACY

In Germany prescription and non-prescription medication are sold at a "Apotheke" (Pharmacy). Pharmacies usually open on weekdays from 8 am to 6 pm and on Saturdays from 8 am to 1 pm.

2.18 INSURANCE

Organisers, hosts, landowners and authorities do not accept any liability exceeding existing insurances. Participants are responsible for obtaining sufficient insurance.

2.19 WASTE AND RUBBISH

Help us to maintain a clean environment in avoiding rubbish. Bins will be available in the Assembly Area, Event Centre and Official Camping.

The STIFTUNG NORD/LB · ÖFFENTLICHE foundation supports the project "Festpostennetz Bad Harzburg". The project was initiated by MTK Bad Harzburg in cooperation with the city council, spa- and tourism-facilities and enterprises as a follow-up to the WMOC 2012 in order to introduce more people to orienteering and outdoor-activities. With the support of the STIFTUNG NORD/LB · ÖFFENTLICHE foundation an orienteering map of the city and surroundings was developed including control points with varying levels of difficulty corresponding to a network of fixed control points in the terrain.

Users can register online for free, add their visited control points and enter a competition, for example for the school that visited the most control points during one year. But the network of fixed control points is not only targeted at running enthusiasts but also at hikers, bikers and during winter even at cross-country skiers.

The orienteering map is distributed free of charge and the project will be introduced in Bad Harzburg's schools combined with further training for teaching staff and trainers in schools and sports clubs.

"The WMOC 2012 in the Harz Mountains is a highly attractive event for the region around Braunschweig. Many amateur athletes are connected with the project 'Festpostennetz Bad Harzburg' so they are highly motivated for their own athletic commitment and can furthermore explore the Harz Mountains. This project is a perfect match for the foundation's programme Sportland Braunschweig", Gerhard Glogowski, Chairman of the Board of Directors of the STIFTUNG NORD/LB · ÖFFENTLICHE foundation says.

"Festpostennetz Bad Harzburg" is a unique project in this region.

STIFTUNG
NORD/LB · ÖFFENTLICHE

3 COMPETITION INFORMATION

3.1 GENERAL INFORMATION

3.1.1 Late entry and changes

All changes have to be sent to entries@wmoc2012.de.

Change of name, first name and SI Card will not be charged.

- Changes of class or late entry (within available vacant places only) will be charged 30 EUR (Harz-Cup 20 EUR)
- Late entry for WMOC2012 classes will be accepted – if there is space. Late entrants will be charged 30 EUR (Harz-Cup 20 EUR).
- Late entry for Open classes can be done at each race site

Payment for changes and late entry should be done at the EC.

3.1.2 Competition Rules

The competitions will be conducted under Competition Rules for IOF Foot Orienteering Events (2012 Edition) together with the 2012 WMOC Guidelines. The Public Event (Harz-Cup) will be held conforming to German Competition Rules.

Copies of these can be downloaded from <http://orienteering.org/wp-content/uploads/2010/12/Competition-Rules-for-IOF-Foot-Orienteering-Events.pdf>. For the German Competition Rules please follow the link: www.orientierungslauf.de.

In accordance with IOF Competition Rule 16.3. the course lengths for the sprint races are given on the optimal route (shortest distance a runner could take, going round all impassable obstacles) and have been measured as the length of the straight line from the start via the controls to the finish deviating for, and only for, physically impassable obstructions (high fences, lakes, impassable cliffs etc.), prohibited areas and marked routes.

Be aware of traffic (see point 3.3)!

3.1.3 Fair Play

All competitors shall behave with fairness and honesty. During the races athletes are forbidden to speak to each other.

All Long race competition areas are embargoed. Any attempt to survey, walk or train in the competition areas is forbidden. Attempts to gain any information related to the course, beyond that provided by the Organiser, is forbidden before and during the competition. Having crossed the finish line, a competitor may not re-enter the competition terrain without the permission of the Organiser. This includes the start and start area. It is not allowed to bring any previous maps along to the competition areas. A competitor who breaks any rule, or benefits from the breaking of any rule, may be disqualified.

The embargo rules for the two Sprint races have to be more flexible as some competitors may have accommodation within the competition area. However, as for Long race restrictions, competitors are not allowed to survey or train in the Sprint areas before the respective competitions are held. A strict embargo on the two areas will be enforced 3:00 hours before the first start on the day of each race.

For the Sprint competitions, runners who may stay in the competition areas must use the shortest route to get to the Assembly Area. Also athletes are not allowed to re-enter either Sprint area after they have finished their race before the last competitor has finished his race.

Sprint: At any time, respect fences, walls, individual properties and local population. (See point 3.3 "Sprint Races")

Always respect embargoed areas. Do not disturb animals. Never waste any object or paper and use specific containers. Always use official toilets at the EC, Assembly, Pre-Start and Finish areas.

3.1.4 Drug Policy

The IOF Anti-Doping Rules apply to all IOF events. See web address <http://orienteering.org/anti-doping/>.

The WMOC 2012 will follow the anti-doping rules of the WADA. It's possible that the German agency (NADA) will carry out anti-doping tests during the competitions.

Each competitor is responsible for following the anti-doping rules, and avoiding any prohibited substances. If anyone has to follow a special medical treatment, s/he has to confirm with his doctor that the drug isn't prohibited. In case of doubt, the doctor should provide a certificate for medical use. You can find the list of prohibited substances with the link:

http://www.wada-ama.org/Documents/World_Anti-Doping_Program/WADP-Prohibited-list/2012/WADA_Prohibited_List_2012_EN.pdf.

In case of conflict or a positive test, all competitors must accept the arbitration of NADA according to the WADA rules.

3.1.5 Bibs

Every competitor will be issued with a numbered bib which must be worn on the chest for each race. Information on bibs will consist of the competitor's name, SI-card number, club/ group-ID, age class and heat, start times for the Qualification races.

The coloured background (green, white, red) indicates the start location which is the same for all races:

- M/W 35-50: Green
- M/W 55-60: White
- M/W 65-95: Red
- Public event (Harz Cup): yellow background

Every competitor is asked to complete the back of his or her bib with emergency contact. This information could be helpful for the medical team in case of emergency.

The best ten (10) runners in the A-Finals will receive new bibs (10 to 1) in the pre-start area.

Lost bibs can be replaced at Information Desk for a charge of 5 Euro.

Example bib front view:

Example bib back view:

3.1.6 Terrain

The terrain for the Sprint Qualification is a mixture of town and parkland. The terrain for the Sprint Final consists of a finely-detailed structure of small alleys and streets with small parks and squares. Each area is rather flat and lies around 250 metres above sea level.

The terrain for the Long Distance Qualification 1 is mainly coniferous; there are plenty of interesting rocks and cliffs. The runnability is just as good as the light green implies but with branches and twigs sticking out at eye level, so be cautious. The terrain for the Long Distance Qualification 2 is relatively flat and has mostly good runnability. It is characterised by many interesting technical features arising through previous mining activities. The terrain for the Long Distance Final is varied. In some areas there are stones and cliffs and the runnability is mainly good. The area is reasonably flat especially for the shorter courses. The longer courses may cross some deeper valleys. All terrains lie at 450 to 600 metres above sea level.

3.1.7 Clothes and shoes

Sprint races

Shoes: Dobbled spike and spike shoes are not allowed.

Clothing: Shorts and running shirts are allowed.

Long Distance races

Shoes: Dobbled spikes are allowed.

Clothing: Regular orienteering clothing with long trousers and leg protection is recommended. Additionally we recommend eye protection for the LQ1 in particular and long-sleeved shirts.

3.1.8 Maps

The WMOC 2012 orienteering maps have been made according to IOF drawing specifications. Please note in particular that rootstocks are not mapped. Survey and cartography has been made on the base of laser-scanning and aerial photography. Offset printing has been used.

The maps for the Sprint races are drawn according to ISSOM (International Specification Sprint Orienteering Maps 2007), have a scale of 1:4000 and 2.5 metres contour interval for all classes.

The material of the maps is waterproof paper (pretex®) with 120g/m².

The Long Qualification and Final maps have a scale of 1:10.000 with a 5 metres contour interval for all classes and are drawn to ISOM. The material of the maps is waterproof paper (pretex®) with 120g/m².

The dimensions for all competition maps are 420*297 mm (DIN A3). Both model maps have half the size (i.e. A4).

Control descriptions are printed on the front side of the maps and loose control descriptions (not water resistant) will also be available in the start lanes.

All competition maps will be collected at the finish. After the last start of each race, new competition maps will be available at the Information Desk in the Assembly Area. Each group leader should bring his Team-ID card (delivered when you register at WMOC) to collect them (See also point 3.1.21 "Map Reclaim").

3.1.9 Special map features

Special map features are explained on the front side of each competition map.

<p>Special map features Sprint For the ISSOM Symbols 537, 539 and 540 the following specification is used:</p>	<div style="border: 1px solid green; border-radius: 10px; padding: 10px;"><p style="text-align: center;">Special Symbols</p><ul style="list-style-type: none">○ Advertising Column✕ Playground Apparatus◎ Small Monument, Work of Art</div>
<p>Special map features Long Distances For the ISOM Symbols 539, 540 and 418 the following specification is used. Additionally in the LQ2 area there are two watercourses (part of the World Heritage site) which are forbidden to cross. These are shown on the map with the symbols 304/709. For better visibility the direction of the lines of 709 turns with the direction of the watercourse. You find a sample of this on the Long Distance model map.</p>	<div style="border: 1px solid green; border-radius: 10px; padding: 10px;"><p style="text-align: center;">Special Symbols</p><ul style="list-style-type: none">○ Charcoal burning platform✕ Small man made feature● Special tree— Watercourse forbidden to cross</div> 

3.1.10 Controls

Each control is equipped with

- the control flag
- one or two electronic punching units (SPORTident units)
- one pin punching device, where no two SI-units are available (only to be used if SPORTident fails)

The control code is located on top of the SPORTident unit. The number codes used range from 31 to 200.

There are many controls in the competition terrain. Please make sure always to check your control codes!

3.1.11 Control Descriptions

Control Descriptions will be printed on the front side of all competition maps. Loose copies of the control descriptions (not water resistant) will be available in the start lanes as part of the start procedure. Competitors have one minute to choose and prepare their control descriptions. At the start there is no tape or other equipment available to prepare control descriptions. The maximum size of the loose control descriptions - 28 controls - is 205*60 mm. Each grid square has a 6mm side. Courses with fewer controls will have proportionately smaller sheets.

3.1.12 Electronic

Punching System

The SPORTident system will be used for all races. SI-Cards with numbers under 3000000 are allowed.

Every competitor has to use the SI-Card listed in the start lists. The competitor is responsible to use the right SI-Card. In case that a SI-Card is lost, broken, etc. the Information Desk must be informed **before** the race. Runners using a wrong or different SI-Card, without informing the Information Desk, will not be classified.

In case of purchase the rental fee of the rented SI-card or the deposit paid of the card will be counted into the price of the purchase.

Limited WMOC 2012 edition SI-cards can be purchased in the "OL Shop Conrad".

Clear and Check

Each SI-card must be cleared and checked before each event. Units to clear SI-cards will be located at the entrance to the -4 min start box. Insert your SI-card and wait a few seconds until the "clear" unit beeps and flashes, verifying that previous data has been deleted. After clearing your SI-card, please place the SI-card into a "check" unit where it will beep and flash immediately, confirming that the SI-card is ready to use. Start staff will be present to assist you.

At each control

Most controls are equipped with two SPORTident units. You may use either one of the units. Insert your SI-card into the control unit until it beeps and flashes. The red light and beep do not guarantee that the competitor is at the correct control. This should be checked in the usual manner by reading the control code on top of the SPORTident unit. If you do punch at an incorrect control, simply continue to the correct control; the extra punch will be disregarded by the results software. If the control unit does not function (there is no beep and no flash) then use the pin punch attached to the control stand and punch on your map. If you have pin punched any controls on your map you must hand the map in at the problem desk before leaving the finish area and explain what you have done.

At the finish

At the finish you must punch at one of the SI units on the finish line. Your elapsed race time only stops when you punch one of these SI units. Competitors must punch one of these finish units even if they did not complete their course.

After the finish line

After the finish line you will be directed to the download station where the data from your SI-card will be transferred to the results system. The system will verify that you have visited all controls on your course in the correct order. Your split times will be printed immediately. See "Finish procedure" for more information. If you are using a rental SI-card and this is your last race, you must return your SI-card to the Information Desk at the Assembly Area where you can reclaim the 40 EUR deposit.

3.1.13 Start List and Results

For the Qualification races, competitors in classes with more than 80 entrants are allocated to parallel heats by a random draw. The heats are indicated by numbers after the age class, e.g. W55-2 is the second heat for W55 runners. Each runner will be in the same heat for both Long Qualification races, but the heats for the Sprint race will be drawn differently. Start lists for the Qualification races are included later in this Bulletin. Start lists for the Qualification and Final

aces will also be available for review by participants on the www.wmoc2012.de website, at the EC, at the Information Desk at each Assembly Area and at each pre-start.

Start times for the Sprint Final will be available on the www.wmoc2012.de website by 8 pm, Sunday 1 July 2012, as well as at the EC. They will also be posted at the Information Desk in the Assembly Area and at the start area on Monday morning. The first start time for the Final is at 1 pm. The first start time for each course is indicated below, with the individual course data.

Start times for the Long Final will be available on the www.wmoc2012.de website by 10 am, Friday 6 July, as well as at the EC. They will also be posted at the Information Desk in the Assembly Area and at the pre-start area on Saturday morning. The first start time for the Final is at 11 am. The first start time for each course is indicated below, with the individual course data.

Individual split times will be given to each competitor after crossing the finish line. Provisional results lists will be continuously updated at each Assembly Area. At the Assembly Areas there will be a Wifi-Network where online results will be accessible from your own wireless devices, internet connection is not necessary.

The complete result lists will be displayed at the EC from 8 pm after each race. All start lists, results list, split-times and accumulated times will be made available on the website www.wmoc2012.de as well.

3.1.14 Commentary

Race commentary will be provided by Patrick Hofmeister and Lars Resch. They will provide competition news, class leader results and more in English and German. There will be several radio controls in the forest.

3.1.15 Official WMOC 2012 time

Clocks used at Start procedure will be radio-controlled CEST-time.

3.1.16 Start Procedure

Start organisation: Your bib colour (green, white, red or yellow) indicates one of the three start locations; see subsection 3.1.5 or the tables under each particular race. Each runner is responsible for following the correct marked route. For all races (Qualification and Finals) there will be a pre-start area before the start line. The competition area is out of bounds until your start time. Distances to the pre-start and time from pre-start to the start location are specific to each race. Please refer to the detailed race description in the next sections.

The foundation Niedersächsische Lotto-Sport-Stiftung was a pioneer of the WMOC 2012. Only the foundation's support made it possible to host the largest orienteering event ever in Germany. Thanks to the subsidies of the foundation, whose goals are promoting popular and professional sports as well as supporting young athletes in the State of Lower Saxony, the complex production of orienteering maps for the WMOC could be initiated in due time.

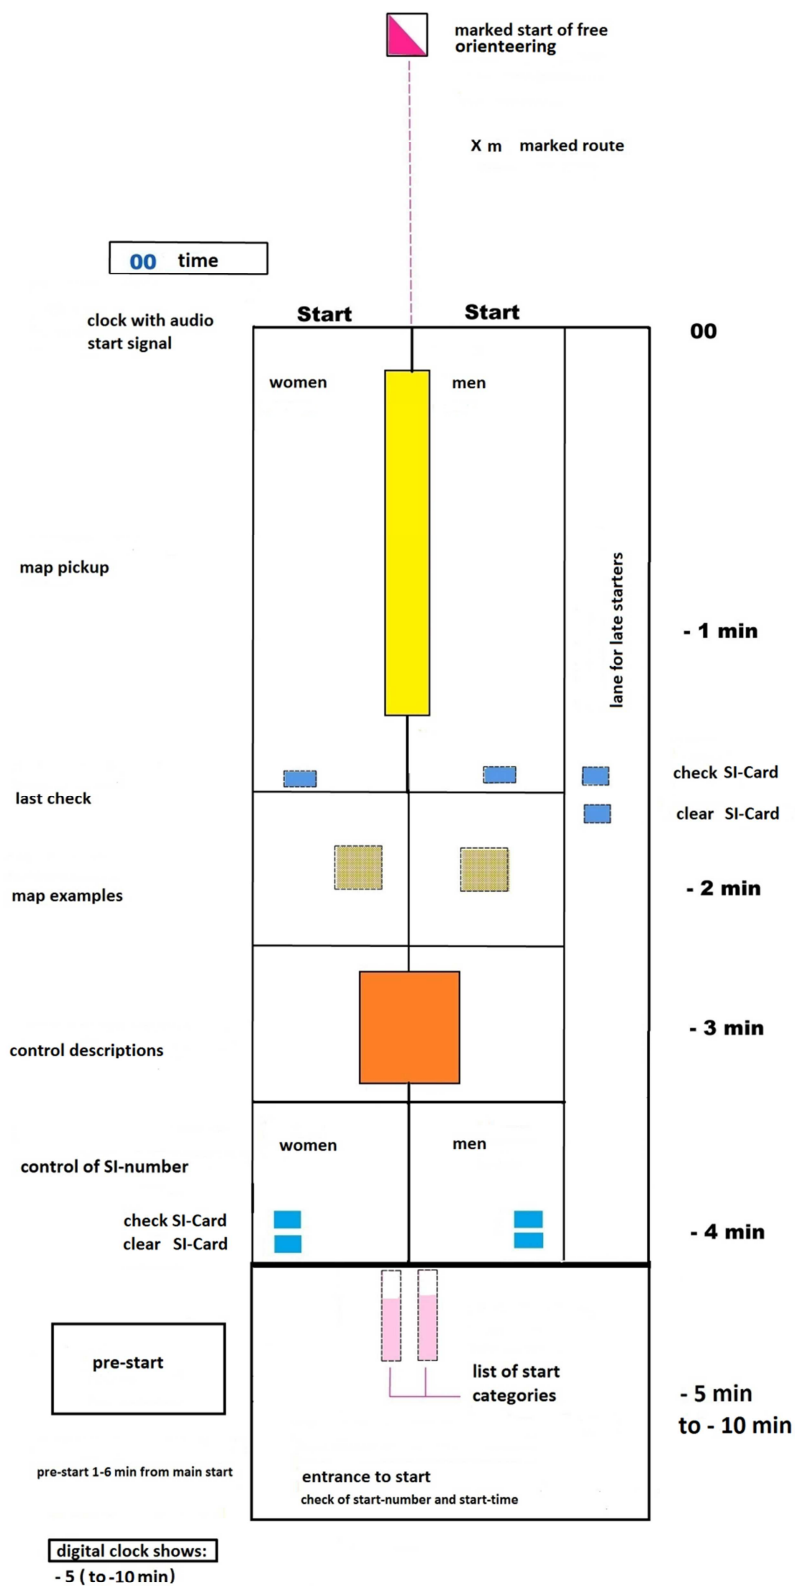

"One of the foundation's funding priorities are international competitions. We also support sporting events of sports that are not so much in the focus of public perception. These sports naturally also belong to the diversity of sports in our state", Uwe Schünemann, Minister of the Interior and Sports of Lower Saxony and at the same time Chairman of the Foundation Board of the Lower Saxony Lotto-Sport-Foundation says.

Minister Uwe Schünemann will be present during the WMOC and award the prizes to the new world champions in sprint orienteering.

Niedersächsische

LOTTO-SPORT-STIFTUNG

Bewegen · Integrieren · Fördern

Every starting procedure is a silent process, and it is the runner's responsibility to be there on time! In the start area, runners will pass through four consecutive starting boxes, and remain one minute in each one. When the clock in front of the first start box (-4 min) displays the runner's starting time, the runner steps in. This will be four minutes before the start. At this point the bib number and the starting time are checked. Runners without an SI-card or without a bib will not be allowed to start. If you lose your bib or SI card you can get a replacement at the Information Desk.

At the entrance to the first box (-4 min) SI-cards are cleared and checked, supervised by a WMOC2012 official.

In the second box (-3 min) each runner will pick up his/her loose control description sheet (optional). There will be no tape available for athletes' use. Runners must bring their own equipment to carry the loose control descriptions during the race. The control descriptions will also be printed on the map.

In the last minute before their start time, the competitor steps over the line into the -1 min box (the one with the maps). When entering the box, the runner proceeds to the map issue box labelled with his/her correct class and waits besides the map box for the remaining part of the minute. The start-countdown will be indicated by a series of beeps at -5 to 0 seconds. At the last beep the competitor's race time starts running and the runner can take the map from the map box. The runner is responsible for taking the correct map.

Runners will then follow a marked route to the start point which is indicated by a control flag in the terrain and a triangle on the competition map. The distance to the triangle control flag will be between (10 to 100m) for Sprint races and (20 to 150m) in the Long Distance races. You must follow the marked route to the start point.

Late Start:

Runners who arrive after their designated start time must use the late start lane where an official will accompany him/her. Your SI-card has to be cleared and checked along the lane. Control descriptions and the competition map will be handed out by a WMOC 2012 official. He/she is free to proceed to the starting point and begin the race. The results of runners who start late will be based on their original start time (with no time compensation). Only if their lateness is the fault of the organiser will their actual race time be used (IOF rules 22.9 and 22.10).

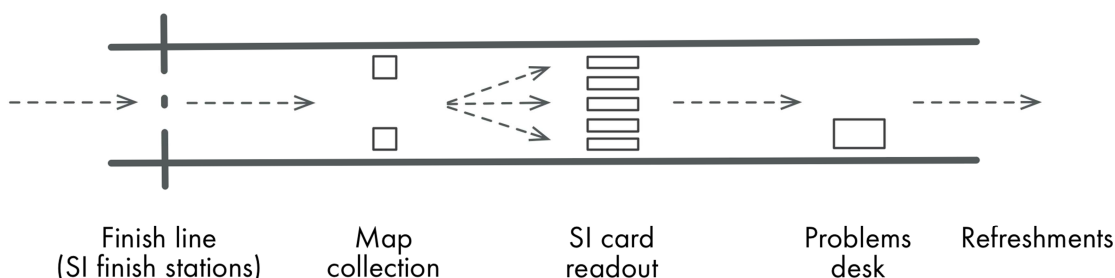

Any runner who is late, whether through their own fault or otherwise, should not discuss this with the start officials. If the competitor believes the organiser is responsible, he/she should make a complaint after running at the Information Desk in the Finish area.

3.1.17 Finish Procedure

All runners are required to pass and punch at the finish line, including those runners who do not complete the whole course. Runners who do not punch at the finish line will be considered as "missing in the forest", and may cause a search in the forest for the missing person. Your bib number must be clearly visible as you cross the finish line.

When the runner reaches the finish line, he has to punch one of the control units situated directly on the finish line. The time will then be recorded and the race is over. After map collection the runner has to download his/her SI-card at one of the manned download stations, located at the exit. As a confirmation of the completed download, a slip with the runtime and the split-times will be printed out. There will be a problem desk for solving mispunches and handling problems regarding SI card readout. After that, the runner carries on to the refreshments area.

Finish procedure - schematic view

3.1.18 Maximum time

Maximum time for Sprint races is 1.0 hour

Maximum time for Long races is 2.5 hours

3.1.19 Disqualification

If a runner is missing one or more controls, or the controls were not visited in the correct order, the runner will be disqualified. Note: If a competitor runs with an SI-card different from the one he/she is registered with in the start lists, the runner will get no time and will be disqualified. It is the runner's responsibility to run with the correct SI-card.

3.1.20 Complaints and Protests

Any Complaint should be made in writing to the Organiser at the Information Desk in the Assembly Areas as soon as possible. The Organiser will decide on the outcome and inform the complainant of the result as soon as possible. There is no fee making for a Complaint. If the runner is not satisfied with the result of the Complaint, a Protest can be made against the organiser's decision no later than 1 hour after that decision has been given to the runner. Protests must be in writing and in English and handed in at the Information Desk. It will immediately be forwarded to the IOF Senior Event Adviser. Protests will be handled by the jury, who will communicate their decision to the complainant as soon as possible. There is no fee for making a protest. A special form should be used for both Complaints and Protests. It can be obtained at the Information Desk.

3.1.21 Map Reclaim

All competition maps will be collected at the finish. They will be available next day at the Assembly Area. Competition maps can be kept after the last start of each race.

New competition maps can be collected every day at the Information Desk in the Assembly Area not before the last competitor's start. Each group leader should bring his/ her Team-ID card (delivered when you register at WMOC) to collect them.

3.1.22 Refreshments

All races will have water available at the Finish. For the Long Distance races there are also water points in the Long Distance competition areas according to IOF-rules latest 35min after start. The water stations in the forest will be supervised by officials. Locations in the forest are not at controls but are close to optimal route choices and will be shown using the standard drinks symbol on the map. There will be non-sparkling-water in 200ml-cups.

3.1.23 First Aid

There will be First Aid facilities at the finish of all the races. First Aid locations in the forest will be designated by the standard IOF symbol (a purple cross) on the Long Distance competition maps. In case of accident, illness or injury fellow competitors are obliged to assist. Further assistance may be obtained from either First Aid or Drinks stations.

Attention: At Long Distance Qualification 1 there are plenty of trees with small branches at eye height. The organisers recommend eye protection is used. In addition in some parts of the terrain there are many rocks, cliffs and deep holes. Be careful in these areas.

In general take care about ticks in the forest!

3.1.24 How to qualify for the Final?

The qualification system is described in detail in the IOF Competition Rules (6.14) hand-book:

Only competitors who start in at least one Qualification race may run competitively in the associated Finals. Based upon the combined times of the two Qualification races (or for Sprint, the single qualification time), the best competitors from each qualification race heat qualify for the A-Final of the class. The next best competitors from each Qualification race heat qualify for the B-Final and so on.

- If there are 161 or more entrants, the number of qualifiers from each heat to the A-Final shall be equal and shall be calculated so that the total number of qualifiers is 80, or the lowest possible number above 80. Similarly for the B-Final and so on except that if there are more than two Finals and less than 20 competitors have qualified for the lowest ranked Final, they may be transferred to the next Final up.

- If there are from 20 to 160 entrants, then they shall be split as equally as possible between an A-final and a B-Final, with the A-Final having at least half the total number of entrants.

- If there are less than 20 entrants, then all shall compete in the A-Final.

If two or more competitors tie for a place in a Final, all of them shall qualify for that Final. Competitors who start but are not placed, or who do not start, in either or both Qualification races may start before the qualified runners in the lowest ranked Final of their class, but shall appear in the result list as not placed.

The best ten (10) runners in the A-Finals will receive new bibs (10 to 1) in the pre-start area.

3.1.25 Responsibility and Safety

All competitors who take part in the WMOC 2012 and in the spectator races (including warm up and Open races) must consider any risks and take their own safety precautions, and will be totally responsible for any injuries which might occur to them during the races as well as for any accidents on the way to and from any event during the WMOC-week.

Missing persons will be charged for the costs of any search. So take care about reporting to the finish if you retire from a race.

Be aware of traffic at both Sprint races and the Sprint Model Event as roads are not all closed. Every competitor is responsible for observing the traffic rules!

You must follow the advice of security service at all ceremonies as well as the Welcome Evening and Banquet.

3.1.26 GPS / Equipment

GPS data loggers with no display or audible feedback can be used (IOF rule 21.4). Any other GPS equipment is forbidden.

3.1.27 Open Races

Those not involved in WMOC races may take part in the Public Event (the "Harz Cup"). Start and Finish areas are situated in the daily Assembly Areas, so it is possible for the participants of the Open races to follow the progress of the WMOC 2012 event.

A "yellow" background will be used for bibs for the competitors in the Public Event. The start location will always be the same as the Red Start of the WMOC 2012 courses. Information can be found on the www.wmoc2012.de website.

3.1.28 Childcare service

A kindergarten will be provided for children. A children's course will also be organised in the Assembly Areas of the Long Distance races.

Opening hours:

Day	Time
Sunday, 1 July 2012	12 noon - 5 pm
Monday, 2 July 2012	12 noon - 5 pm
Wednesday, 4 July 2012	10 am - 5 pm
Thursday, 5 July 2012	10 am - 5 pm
Saturday, 7 July 2012	10 am - 5 pm

Equipment to bring: Each child must be provided with its own bag which contains its personal belongings, lunch and nappies. Children's belongings should be clearly labelled with their name.

No lunch will be given to the children. Water will be available.

Access to some childcare locations is by stairs. Insurance is responsibility of the children's family; the childcare team does not accept any responsibility.

3.1.29 Toilets

There will be toilets at Model Events, Qualification races, Final races - Pre-Starts and the Assembly Areas. Limited toilet facilities will be provided on the way to the starts.

Please use the official toilets. Using the forest gives competitors a bad reputation and could make organisation of future Orienteering-Events in these regions difficult.

3.1.30 Showers

There will be limited showers only at the Sprint Final (500 metres of walking), so that participants have the opportunity to refresh themselves between the competition and prize giving-ceremony.

3.1.31 Training opportunities

All training activities have to be approved by the WMOC office. Training is only possible up to 28 June 2012.

Training maps can be purchased at the WMOC office.

Price per map (including controls): 3 EUR

Please contact info@wmoc2012.de if you have questions.

Available Maps

- "Seesen"
- "Luchsweg" (Mapper: Thilo Bruns)
- "Goldberg" (Mapper: Stephan Schliebener)
- "St. Andreasberg" (Sprint)

Controls are marked with wooden picks (exception: St. Andreasberg).

3.1.32 Massage Service

In all Assembly Areas, students from the "Institut für Medizinische Bildung, KortexMed GmbH" will provide physiotherapy for the participants of WMOC 2012 at a low price.

3.2 MODEL EVENTS

The Model Events demonstrate the terrain types of the WMOC 2012 competition areas, map quality, control features and the positioning of the controls. The controls are marked with a flag. SPORTident system will only be shown at EC until 30 June. Control descriptions will be printed on the maps. Model Event maps will be included in the participant club packages for WMOC 2012. Additional model maps will be available in the EC for 2 EUR/map.

Model Event Sprint

Saturday, 30 June 2012 from 8 am – 8 pm in Bad Harzburg

Map (overview): see map Event Centre

Distances: Parking at EC, EC > Assembly 900m

GPS Parking: 51.892014, 10.535882

Map: Bündheimer Schloss

Scale: 1:4000, **Contour interval:** 5 m

Mapper: Stephan Schliebener

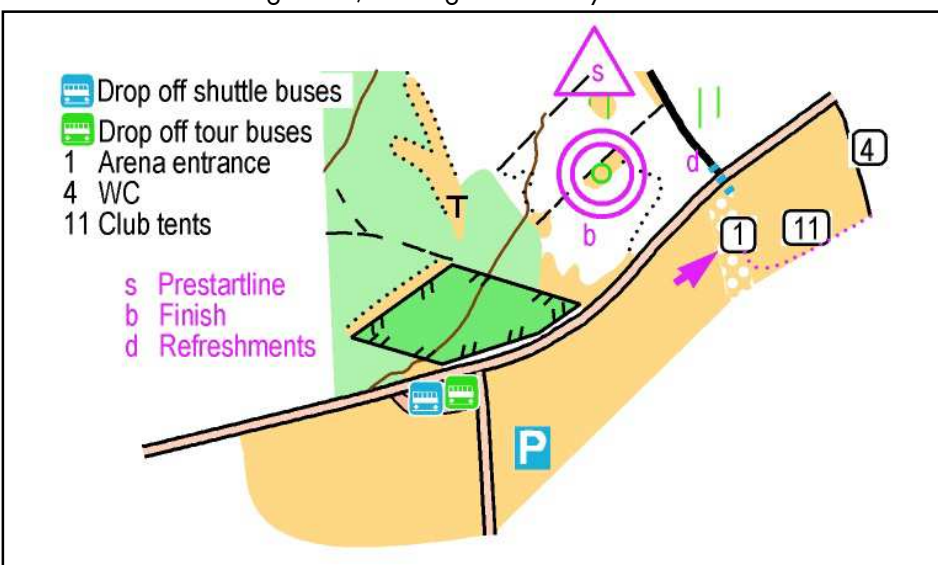

Course planner: Stephan Schliebener

Description of the terrain: The terrain gradually slopes towards the East. In addition to common urban development there is a middle-sized park.

Model Event Long

Wednesday, 3 July 2012 from 8 am – 8 pm in Elend

Distances: EC > Parking 38km; Parking > Assembly 0-200m

Time schedule for public transport:

EC	10:00 am	12:00 noon	2:00 pm
Bad Harzburg railway station	10:05 am	12:05 pm	2:05 pm
Bad Harzburg cable car station	10:10 am	12:10 pm	2:10 pm

Bad Harzburg railway station	12:50 pm	2:50 pm	5:20 pm
EC	12:55 pm	2:55 pm	5:25 pm

GPS Parking: 51.739254, 10.677066

Map: Schnarcherklippen

Scale: 1:10000, **contour interval:** 5 m

Mapper: Thilo Bruns

Course planner: Thilo Bruns

History of the terrain

The area around the Schnarcherklippen is located to the South of the Brocken and therefore on the other side of the fracture zone of the Northern rim of the Harz Mountains which determines the terrain and the rock formations of the Long Final and the Long Qualification 2.

It is thought that Goethe was inspired to write his "Faust" after he saw the Schnarcherklippen.

There are two viewpoints in the Northern part of the map offering spectacular views of the Brocken and large parts of the Harz Mountains: the Schnarcherklippe (close to control point 31 - attention: very steep access ladder) and the viewpoint on the Barenberg (close to control point 32).

Excursions:

You reach the village of Schierke coming from the Schnarcherklippen after 1,5 kilometres, a well-known health resort in the Harz Mountains. On your way back you pass the natural conservation area Elendstal along the Bode river.

Description of the terrain

The terrain rises continuously towards the North. The Eastern rim drops away into the nature conservation area Elendstal and is marked on the map. This must not be entered. In the Northern part of the map a stream develops which, together with its tributaries flows towards the South-East. In one area a steep sided slope has developed. The terrain is almost entirely planted with spruces of different ages. There is some young spruce vegetation with a distinctive system of narrow ridges. Some stands are thinned out so they rarely obstruct running but there are some branches at eye-level which slow down running speed. Storms have destroyed a small part of the old stands but meanwhile new spruces have been planted which cause considerable obstruction.

Some rocks can be found in the Northern part. Especially among the steep passages some rock walls and even rock pillars exist. Depressions are very rare.

Täglich geöffnet von 10 - 18 Uhr!

3.3 SPRINT RACES

In accordance with IOF Competition Rule 16.3. the course lengths for the sprint races are given on the optimal route (shortest distance a runner could take, going round all impassable obstacles) and have been measured as the length of the straight line from the start via the controls to the finish deviating for, and only for, physically impassable obstructions (high fences, lakes, impassable cliffs etc.), prohibited areas and marked routes.

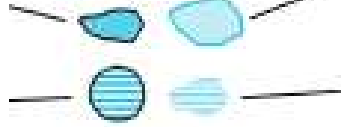

The ISSOM

impassable cliff
 forbidden to cross
 (disqualification)

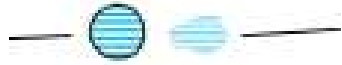

passable rock face

impassable body of water
 forbidden to cross
 (disqualification)

passable body of water

impassable marsh
 forbidden to cross
 (disqualification)

crossable marsh

temporary construction or closed area such as outside restaurants, flower beds etc. - forbidden to cross (disqualification)

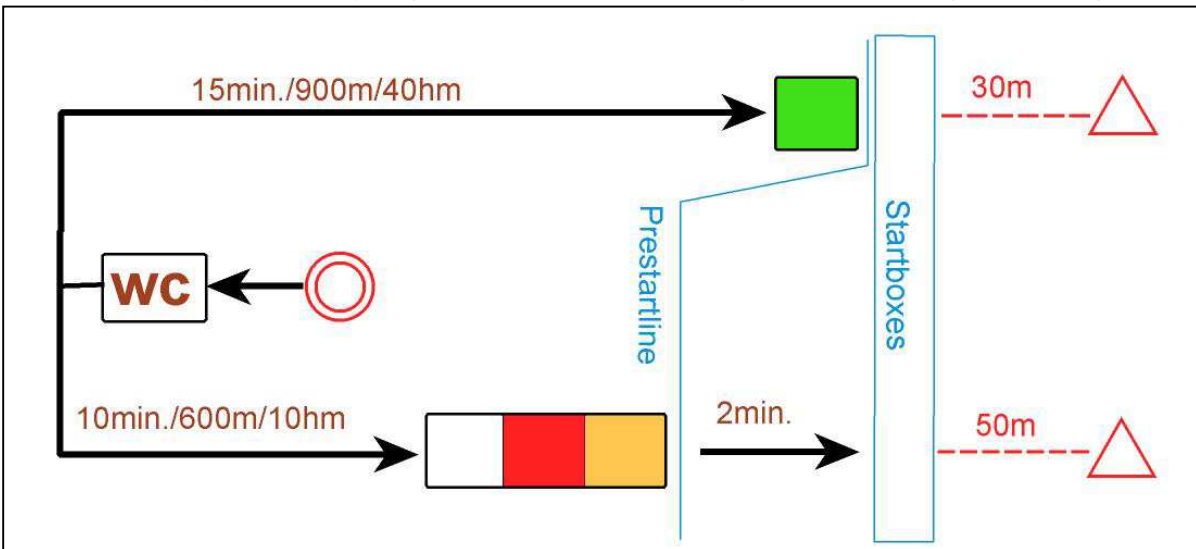

3.3.1 Sprint Qualification

Sunday, 1 July 2012 in Bad Harzburg

Map (overview):

Distances: Parking at EC, obligatory Shuttle Bus, EC > Assembly 12 min., Bus stop > Assembly 100 m.

Time schedule for obligatory transport: Permanent from 10:45 am on.

GPS Parking: 51.892014, 10.535882

Map: Bad Harzburg Kurviertel

Scale: 1:4000, contour interval 5 m

Mapper: Stephan Schliebener

Course planner: Patrick Hofmeister

Controller: Christoph Hofmeister

Start times:

First start WMOC: 1:00 pm

Last start WMOC: 3:38 pm

Finish closing time: 4:45 pm

History of the terrain:

The spa town Bad Harzburg

The city of Bad Harzburg shows how salt brought prosperity to the region and, at the same time, is a vivid example of the development of health and spa facilities since the beginning of the 19th century. For many centuries there was only a small settlement by the name of Neustadt at the bottom of castle Harzburg, with a salina (salt lagoon) from the 17th century representing the only wealth. During the 19th century this settlement was developed as rapidly as other spa towns such as the Czech city of Marienbad or other large European spa towns.

Bathing establishments, large hotels, a racetrack, a railroad connection aimed mainly at tourists, a cable car and a waterfall were built. The former average settlement was turned into an important meeting place for recreation seekers from the upper class.

Another stage of development which strongly influenced the townscape was reached in the second part of the last century: requirements for the health and spa industry changed and many of the larger hotels as well as the "Kurhaus" (health resort) had to give way to new buildings. The typical townscape of a spa town with its great history was lost. Next to the few remaining historical hotels and villas modern spa and health resorts were built resulting in Bad Harzburg's townscape as it presents itself today, a colourful mix of the history of health and spa facilities.

We invite you to discover Bad Harzburg with its vivid history of a spa town!

Description of the terrain:

The terrain consists of a wide valley with steeply rising sides.

In addition to common urban development there is a kindergarten, several schools and parks and a pedestrian zone.

Some areas in the park are marked as out of bounds and must not be entered. Breaking this rule will lead to disqualification. There is car traffic but only on a few streets. Competitors should take care. The organisers will provide traffic officers as support.

The competition area is crossed by a busy road which is marked as out-of-bounds. Some courses cross this road. However, the runners are only allowed to pass this road over the marked bridges. **Be careful on your way to the start when going along this road.**

Excursions:

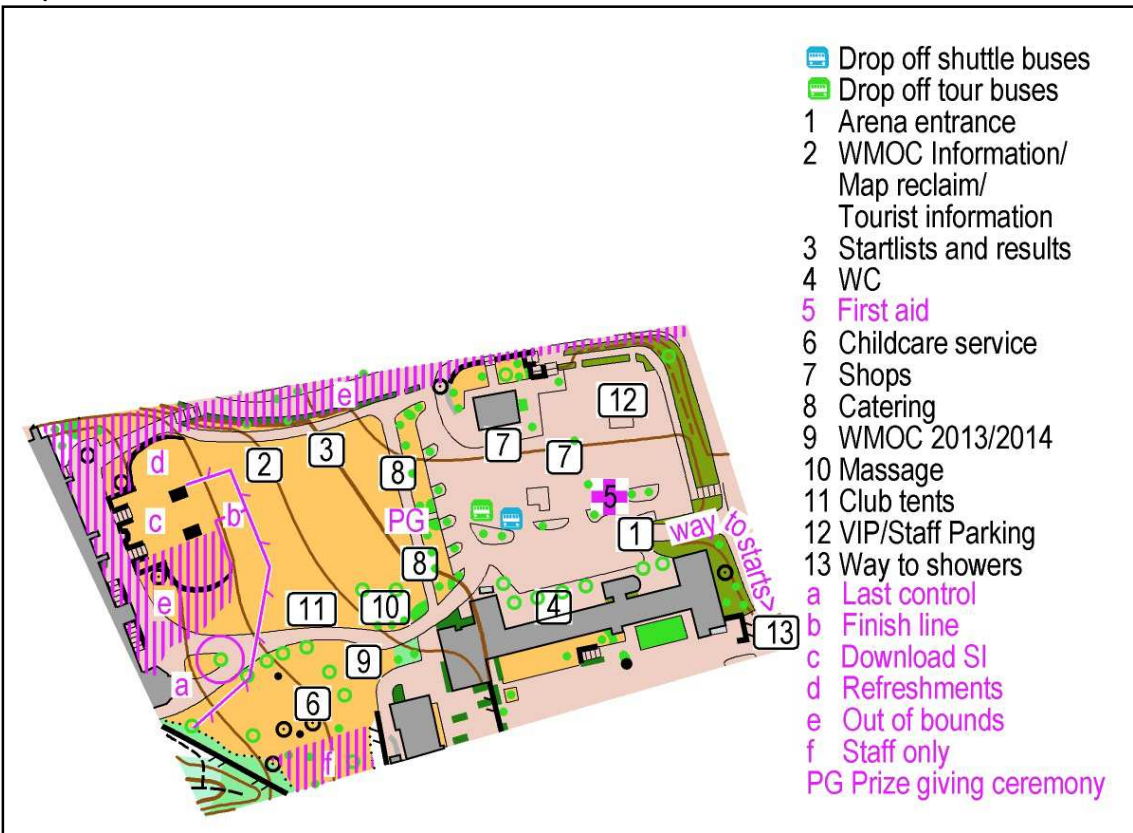

Take one of the oldest German suspension railways up to the Burgberg and enjoy a great view of Bad Harzburg and the Harz Mountains. After a few kilometres you reach the "Rabenklippe", a restaurant next to a rock formation typical for the Harz Mountains. Nearby you will find an outdoor enclosure for lynxes. Coming from the Burgberg you can reach the restaurants Molkenhaus and Radauwasserfall which are located right in the forest accessible via flat paths. All restaurants can also be reached by bus.

History of the terrain

The world cultural heritage Goslar and the Rammelsberg

Just like Bad Harzburg Goslar's development was based on the natural resources of the Harz Mountains. The beginnings of mining in this area can be traced back to 500 BC, but it was only at the end of the 10th century when mining became more efficient at the Rammelsberg near Goslar. Due to its location Goslar was turned into a central city of the Holy Roman Empire in 1000.

Its heyday lasted until the 13th century when the Kaiserpfalz and the Old Town as it still exists today were built. Until 1988, for more than 1000 years, several types of ore were mined at the Rammelsberg among them lead, zinc, copper and gold. Mining determined the fortunes of this city for centuries. Nowadays the Old Town of Goslar and the Rammelsberg are a UNESCO world cultural heritage site and well worth a visit.

Description of the terrain

The terrain gradually slopes towards the North-East.

The predominantly medieval urban development is characterised by winding little alleys. There are only a few green spaces. A shopping centre and several squares are part of the competition area. Some restaurants/cafes use the squares for open-air catering. **These areas as well as some green spaces must not be entered.** Breaking this rule will lead to disqualification. There is car traffic but only on a few streets and competitors should take care. The organisers will provide traffic officers as support.

Excursions:

Visit the UNESCO world cultural heritage Rammelsberg and find out more about the history of mining or visit the Kaiserpfalz Goslar.

3.4 LONG QUALIFICATION 1

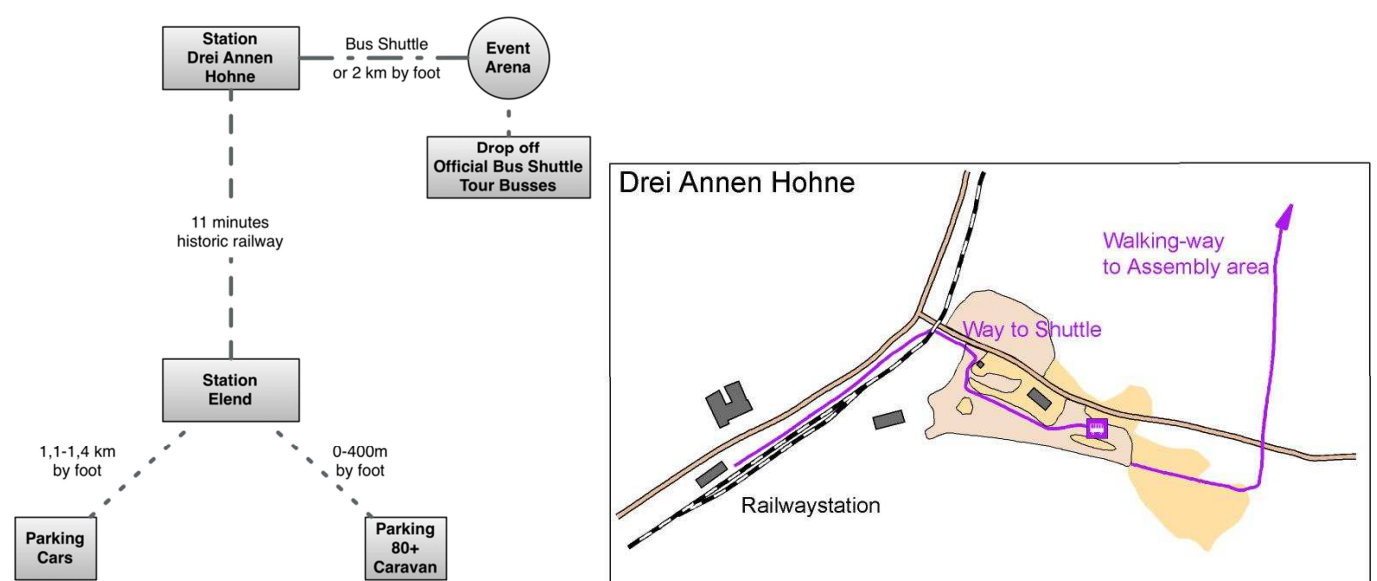

Wednesday, 4 July 2012 in Drei Annen Hohne

Map (overview):

Distances: Attention: Shuttle from Parking to Assembly (enjoy the unique experience of travelling with historic steam railway to assembly) please allow extra time for the journey and be on time!

Note: For groups travelling with their own tour buses there will be a drop-off and pick-up point at the assembly area.
 EC > Parking 38km; Parking (Car) > Railway station 1,1-1,4km, Parking (80+ and Caravan) > Railway station 100-400m, Railway or Bus shuttle Elend > Drei-Annem-Hohne 11-15min; Bus shuttle station Drei Annen Hohne > Assembly 5min or walking 25min.

Outward journey:

There is an obligatory shuttle service with the historic Harz narrow-gauge railways and/or busses to the assembly area departing from Elend-station. The station is located 1.1 - 1.4km by foot from the parking area for cars and 100 - 400 metres from the parking area for caravans/80+.

Trains are assigned to participants according to their start times (see departure times below) - if you miss the assigned train you are not entitled to take the next train but have to use one of the busses provided by the organiser taking you straight to the assembly area.

Please note: If you, for any reason, decide not to take the train assigned to your start time, you may do so but have to use the shuttle busses instead.

The organiser's main goal is to transport all competitors to the assembly area on time. There will be enough extra shuttle busses in case the capacity of trains is not sufficient, although it's calculated with a good margin. However, the organiser does not promise a place on the historic railway.

Shuttle busses leave directly from the railway station.

Please have your number bib ready as it serves as your ticket!

Departure times for the outward journey with the Harz narrow-gauge railways from Elend-station to Drei Annen Hohne-station (journey time is 11 minutes):

- 8:23 am (for start times between 11:00 and 11:58)
- 9:10 am (for start times between 11:59 and 12:47)
- 10:00 am (for start times between 12:48 and 13:18)
- 10:33 am (for start times between 13:19 and 13:30) (Extra shuttle busses available)
- 11:10 am (for start times between 13:31 and 14:04)
- 12:03 pm (for start times between 14:05 and 14:27)
- 12:53 pm (for start times between 14:28 and 15:30)
- 1:51 pm (for start times after 15:30)

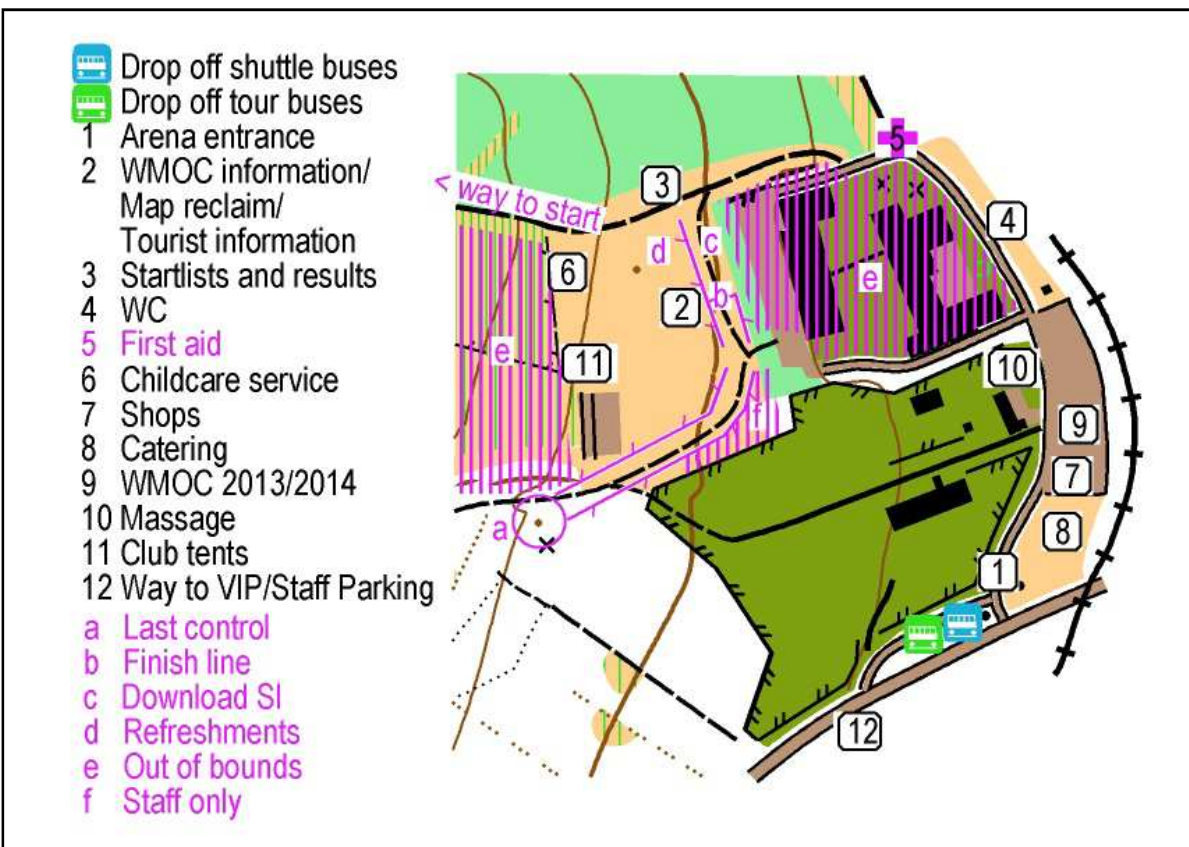

From Drei Annen Hohne-station participants have two choices:

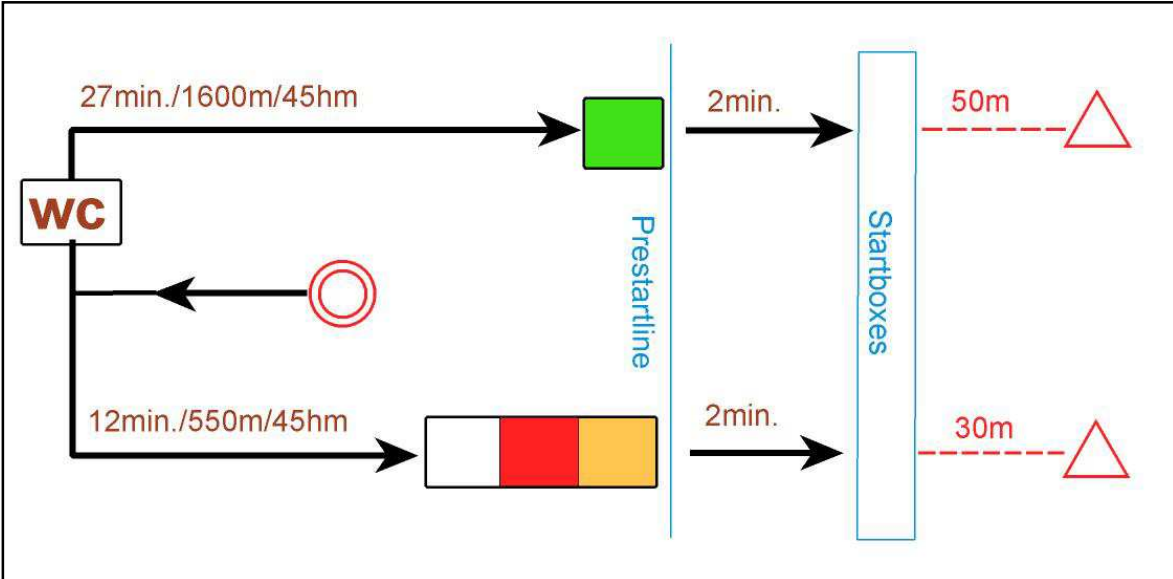

1. taking a bus shuttle to the assembly area (please allow 10 - 25 minutes for the journey)
2. following a marked footpath which is about 2km long (please allow ca. 25min for the walk)

Return journey:

After the races there will be shuttle busses waiting for the participants at the assembly area, taking them either to Drei Annen Hohne-station or directly to the parking areas near Elend-station.

Departure times for the return journey with the Harz narrow-gauge railways from Drei Annen Hohne-station to Elend-station are as follows: 1:30 pm, 2:49 pm, 3:40 pm, 4:35 pm, 5:18 pm, 5:32 pm, 6:24 pm, 7:20 pm.

Time schedule for public transport:

History of the terrain

Ottofels and surroundings

*But who is it stands aloof?
His path is lost in the brake,
Behind him the shrubs
Close and he's gone,
Grass grows straight again,
The emptiness swallows him.*

(Taken from Goethe's "Winter Journey in the Harz")

The upfolding of rock layers along the Northern rim of the Harz Mountains led to the development of numerous rock formations. Through the weathering processes bizarre looking structures were formed giving the area its wild character. Poets like Johann Wolfgang von Goethe and Heinrich Heine visited the Harz Mountains and often wrote about them in their works for example in "Faust", "Winter Journey in the Harz" or "The Harz Journey", by that enhancing the reputation of the wild Harz Mountains haunted by witches and devils.

The area surrounding the Ottofelsen gives a vivid impression of what it must have been like in the past. The footpath leads through a dark and seemingly never ending forest and rocks often block the way. Then suddenly the forest opens up, cold, forbidding and often foggy and "the Brocken looks down" before the forest closes in again. Yet more rocks before the view opens up again and the impressive castle of Wernigerode and the lovely Harz foreland become visible. The Northern part of this area is characterised by rock towers that due to the weathering look like wool-sacks, hence the name for this geological phenomenon: "wool-sack weathering". So called block heaps or seas of block can also be seen. Both rock formations only exist in the Harz Mountains and in the Alps.

Description of the terrain

The terrain slopes moderately steeply towards the East. At the Eastern and Northern rim the terrain borders some very deep valleys.

Vegetation consists mainly of spruces with only a few alder stands in the wetlands. The mostly young spruces are mainly thinned out so that they rarely if at all obstruct running. **Wearing glasses for eye protection is however highly recommended** as there are areas where old branches may stick out of the trees at eye-level which can easily be overlooked by fast running athletes. There is a well developed system of rides in the less thinned out stands.

Geologically this area is divided into a Southern and a Northern part. There are several rocks and a few rock walls in the Southern part closer to the finishing area. In the Northern part there are lots of rocks, rock walls and rock pillars. Runnability is partly obstructed by stony ground and considerably by a few block heaps.

Excursion: Let the "Harzer Schmalspurbahnen" (a narrow-gauge railway) take you to the Brocken, Northern Germany's highest mountain peak. Enjoy the panoramic view of the Harz Mountains and the competition areas and discover flora you can elsewhere only see in Iceland. Also make sure to visit Wernigerode with its fairytale castle and the Old Town. On the way back from Assembly Area to car parking you can visit Germany's smallest wooden church in Elend.

History of the terrain

The World Cultural Heritage "Huttaler Widerwaage"

"It greens the firs, it grows the ore, God give us all a merry heart! "

Often used motto of miners and first line of a song lyric

The history of mining began with miners breaking ore from the soil with hammers. Soon they learned how to use nature's help for their work: water became an essential source of energy for the miners in the Harz Mountains. Over centuries miners refined the water systems for their mines reaching its heyday at the end of the 18th century. A great example is the Dyke Ditch, 25 kilometres long with a fall of only 60 metres, and the Huttaler Widerwaage as a novel form of energy storage. The competition area is crossed by these technical structures. Numerous ponds, tunnels, moats and depressions still offer a vivid testimony of the mining activities in this region.

Description of the terrain

The terrain slopes gently away towards the North-East. There are some smaller valleys in the Northern part. In the Eastern part there are three deep valleys with steep sided slopes.

Vegetation consists mainly of older spruce. In some areas storms have destroyed these stands years ago. Some areas have been replanted which causes heavy obstruction. In some smaller areas bramble hedges exist.

The terrain is crossed by several horizontally running erosion gullies. To prevent confusion with contour lines, the small erosion gully symbol 110 has been used here instead of the gully symbol 109 which would normally have been used, the gullies being large.

Furthermore two water courses cross the area - they are part of the World Heritage site "Oberharzer Wasserregal".

These courses can only be crossed via the available bridges. The watercourses are marked with the symbol "uncrossable river" (see map of model event). There are not marked otherwise in order not to cover parallel running tracks.

Due to the intensive mining works in this area there is a large number of different depressions and five ponds used for water retention. **The banks of these ponds must not be approached** as they are made of soil and are therefore extremely vulnerable.

Excursions:

Clausthal-Zellerfeld offers an interesting mining museum where an early model of a passenger lift for mining ("Harzer Fahrkunst") is described and a unique mining water management system, the "Harzer Wasserregal", can be visited underground (reservations must be made).

Last start open: 4:15 pm

Finish closing time: 5:45 pm

History of the terrain

Küste and surroundings

The last competition once again shows how diverse the Harz Mountains are used nowadays: the edges of the map are formed by a diabase quarry and a water barrage used for drinking water and energy production. Adjacent is a valley used by athletes from all over Northern Germany for climbing and wild water rafting. The village Oker with its metal-working industries is located in the area where the Oker river leaves the Harz Mountains. To the East the spa town of Bad Harzburg is located. The end is marked by another quarry and the National Park.

This competition area offers almost similar rock formations to the ones at the Ottofelsen but seems to be brighter because of different vegetation. The area is popular not only with orienteers but also with hikers and mountain bikers.

Description of the terrain

The terrain consists of a relatively flat mountain ridge. On the South-Western and Western rim of the map this mountain ridge drops into some very steep valleys.

Vegetation consists mainly of spruce, ranging from new plants to old stands. In some areas young broad-leaved trees were planted as the next generation while the spruces located above them were removed.

Rock walls and rock pillars can be found, especially along the steeper areas of the terrain numerous rocks. Only in a few areas is there ground which influences the runnability.

Be aware of two last controls - one for A-Final, one for all other finals.

4.1.4 Prize Giving Ceremony Sprint

There will be a Prize giving ceremony directly after the Sprint Final in the Assembly Area in Kaiserpfalz Goslar where first, second and third place winners of each A-Final will be awarded WMOC medals. Each medallist should be seated on the appropriate chair before the start of the Ceremony.

4.1.5 Closing Ceremony and Prize Giving Ceremony Long

The Prize Giving Ceremony will be held on Saturday 7 July at 7 pm at the Event Centre where first, second and third place winners of each A-Final will be awarded WMOC medals. Each medallist should be seated on the appropriate chair before the start of the Ceremony.

After the Prize Giving Ceremony all are welcome to join the Dance of the BIG-Band of the "Goslarer Ratsgymnasium" and the WMOC-Band. There will be fireworks once it is dark and a great choice of food and beverages - free entry!

4.1.6 Church Service

Sunday, 1 July 2012, 10.00 am at the Event Centre
International Church Service in English with music and songs for everyone.

Bad Harzburg churchwalks

Discovering the city's churches with all five senses

Jesus says: "I am the way".

Following this motto the Evangelical Propstei in Bad Harzburg offers two churchwalks where you can visit the churches of Bad Harzburg on a guided tour.

Tuesday, July 3, 2012

St Andreas Church Bündheim
Evangelical Church Schlewecke
St Marien Church Harlingerode

Friday, July 6, 2012

St Andreas Church Bündheim
Luther-Church Bad Harzburg
Evangelical Church Westerode.

Start:

10 am and 2 pm

Point of departure and arrival (for both tours):

at the racecourse.

Each tour takes 3 hours and is accompanied by a guide.

Church guides will welcome you at each church and take you through them while focussing on the sensations given through the "I AM" statements of Jesus:

Luther-Church Bad Harzburg:
hearing - "I am the resurrection"
St. Andreas Church Bündheim:
seeing - "I am the light of the world"
Evangelical Church Schlewecke:
smelling - "I am the true vine"
St. Marien Church Harlingerode:
touching - "I am the good shepherd"
Evangelical Church Westerode:
tasting - "I am the bread of life"

4.1.7 Tourist Programme

Adventure tours

Different Tourist Programmes will be offered during the WMOC 2012 in German and English language. If you want to take part please register online under <http://www.ohwr.de/veranstaltungen/wmoc-2012/wmoc-2012-english.html>.

- "Visiting dirty Caroline" with water tunnel tour Clausthaler pond cascade, mines over- and underground
- "Cultural & Natural Heritage"
- "Water, Wood & Wilderness"

Golf meets WMOC

Friday, 6 July 2012 - 9 am

**Enjoy Porto Alegre,
Capital of the state of Rio Grande do Sul, in the south of Brazil.
The city where WMOC 2014 will take place !
1st to 8th November, 2014**

Come to the 2014" World Masters Orienteering Champs in Porto Alegre, Gauchos's Capital

If the weather is cold, rainy or cloudy at home, do not worry: come and visit us! In Brazil we have fabulous beaches and sunny days all year long. If you like orienteering you will find different and great terrains and open forests around Porto Alegre where you can have a great time. In a couple of weeks you can compete on the event at Porto Alegre and appreciate our nature, in Rio you can get a tan in the beach while enjoying the Carioca life style, visiting the amazing Amazon Forest or go to Pantanal where wildlife develops without human interference. You can visit the Iguazu Falls and have the wonderful experience of being very close to the waterfalls. In Rio Grande do Sul State there are marvelous vineyards where we can find world renowned wines. Porto Alegre is known for its life quality and unique cultural experiences and it is one of the most cosmopolitan cities in South America. With more than 1,5 million-inhabitants the metropolis is spread around the banks of the Guaíba Lake. Today, it stands as one of the main industrial hubs in Brazil; where national and international known brands and companies have begun here as a result of this enterprising drive. Our international airport features direct flights from almost all South American capitals, and from Lisbon (Portugal), the European hub for the hundreds of cities served by TAP – Air Portugal. It is easy to come, but hard to leave!

Enjoy our Hospitality, Culture and Gastronomy

The hospitality industry reaches high standards, with national and international hotel chains, such as Starwood, Accor and many others, featuring more than 14.000 beds. Porto Alegre brings together a small town quiet living atmosphere with the frenzy of large metropolitan areas. A water-framed horizon and buildings, with both new and historic heritage, coexist within its boundaries. Indeed, Porto Alegre is a mixture of colours, faces, shapes and accents. Cultural events, bars, pubs, breweries, cafes and concert halls compete in the city night scene in a variety of rhythms and styles. There are around 3,8 thousand restaurants and fast food places for the most diverse public.

Sports and Nature

Porto Alegre will be a host city of 2014 FIFA World Cup in July. Local football is enlivened by the classic rivalry between two Porto Alegre clubs, Grêmio and Internacional, both among the oldest in the country and enjoying international reputation. The State of Rio Grande do Sul has always been at the forefront of the sporting scene. Practices such as rowing, sailing, gymnastics, swimming and equestrian competitions have a long history here, going back to the XIX century and influenced by foreign immigration. It is important to add that in the state of Rio Grande do Sul there are 15 orienteering clubs that are cooperating in the organisation of the World Masters Orienteering Championships 2014.

*Come to Porto Alegre the capital of tradition and modernity.
We are waiting for you! Come and enjoy a unique experience!*
